NEW EPOCH IN POWER SUPPLY IN BRAINERD

NEW STATION OF CITY RECEIVES ELECTRIC CURRENT

6 SUPPLY CENTERS NOW INSURE
SERVICE WITHOUT INTER-
RUPTION

POWER GENERATED AT NASH-
WAUK, BLANCHARD, LITTLE
FALLS, RIVERTON, ETC.

Wednesday marked a new epoch in the history of the Brainerd Water & Light Board, for at 9:20 o'clock on this morning the electric current was turned on through the new station recently completed by the city at the pumping station in the south part of town.

In the past the electric current has always been brought into the city through the old station owned by the company on East Laurel St. This station is now being dismantled, which will take about three days. During this time, or on Wednesday, Thursday and Friday evenings, the arc lights used through the residence portion of the city for street lighting, will be turned off, and the transfer will be made of these connections to the new stations. The transfer was planned at this time because of the moonlight nights, making the street lighting less necessary than at other times. The ornamental lamp lighting in the downtown business section has already been connected.

The Water and Light Board feels now that it is in a position to furnish Brainerd with practically uninterrupted electric service, something which, in the past, could not be depended upon, due to the limited number of sources of supply.

This has been remedied by the Minnesota Power & Light Company, which has furnished six direct connections with power stations, insuring electric current from one or more should any of the others become incapacitated. These six stations are as follows:

From Nashauk on the Mesaba range to Brainerd, power coming from the Thomson Falls near Duluth. From the Blanchard Dam plant, southwest of Royalton on the Mississippi river.

From the Little Falls dam in that city, also on the Mississippi river.

The power plant at the Sylvan dam, south of the station by the same name, on the Crow Wing river. The plant at the Pillager dam in that village.

The auxiliary steam plant near Riverton, which has just been overhauled and placed in commission.

In addition to these six sources of supply, and as still another precaution against the danger of being without light, the Water and Light Board will have connections with the plant at The Northwestern Paper Company, in Northeast Brainerd. The city has a reciprocal contract with the paper company for current in case it is necessary to make a hook-up. This contract provides that the company will furnish current to the city when it is needed, and the city is to furnish current to the paper company should the latter's plant be out of commission at any time. Two transformers are already in place for this connection and the third will be installed in the near future, thus completing the arrangements with the paper company.

Large Timber Wolf Is
Shot Near Eden Prairie

Minneapolis, Feb. 4.—A timber wolf, one of the largest ever found in Hennepin county, was reported today by N. P. Anderson, Eden Prairie.

Mr. Anderson shot the wolf last week after having hunted for it all winter. The pelt measured 5 feet 7 inches from tip to tip.

CRIMINAL LIBEL SUIT
AGAINST MORRISON
ORDERED DISMISSED

Duluth, Minn., Feb. 4.—Action of criminal libel against John L. Morrison, publisher of a local semi-monthly paper, begun last fall in municipal court and continued for trial until yesterday, was dismissed when the complaining witness, Miss Eleanor Jones, failed to appear.

Deadly Poison Mixed With Medicine Is Charged

HURRICANE KILLS 100 IN TREBIZOND, ASIATIC TURKEY

(By United Press)
Constantinople, Feb. 4.—More than 100 persons are dead, scores of houses have collapsed, and much suffering prevails at Trebizond in Asiatic Turkey, which was visited by a hurricane and snow storm early today.

MINNESOTA RURAL CREDITS UNDER FIRE

BUREAU WAS ATTACKED IN THE
CAPITOL TO-
DAY

THE LEGISLATIVE COMMITTEE IS
PROBING ITS AC-
TIVITIES

(By United Press)
St. Paul, Feb. 4.—The Minnesota Rural Credits bureau was under fire at the capitol today.

T. F. Othman, secretary of the bureau was called before the legislative committee investigating the bureau's activities for further questioning. The committee wants to know all about the disbursement of \$30,000,000 of the state's funds as farm land loans.

Questionable transactions in the granting of loans totalling \$61,400 to disabled veterans receiving agricultural training rehabilitation were among matters scheduled for the rigid investigation this afternoon.

Senator C. A. Lind, chairman of the committee, announced his intention to "get at the bottom of the bureau's transactions."

The report of Garfield W. Brown, state public examiner, severely criticizes the lack of system in the credits bureau and points out numerous instances of what he termed "questionable loans." Twenty-six veterans, trainees at Argonne Farms, Orchard Lake, were granted loans totalling \$61,400 September 8, his report showed. At the time of application, the rural credits investigators said, the veterans' title to the land was not sufficiently clear to justify the loans. It was also held to be insufficiently improved land. Despite this, on the promise that the deed would be registered immediately, the loan was granted.

Shortly after the loan was granted the trainees quit-claimed to Frank E. Gross, Lakeville. The land is now registered in his name. Several other loans covered in the report were questioned and the legislators are seeking added information.

Dry Sleuth Stumbles
on Rug, Disclosing
Trapdoor to Still

St. Paul, Feb. 4.—A still was hidden in the basement of the home at 895 York St. and the trapdoor to the basement was hidden under the rug. But despite all these precautions a federal agent stumbled over the rug, rumpling it up and disclosing the trapdoor. Another still was found in a barn behind the home.

Steve Coykowski, alleged owner of the still, was arrested and charged with manufacture of liquor.

SEED, POULTRY SHOW
OPENS AT ST. CLOUD

St. Cloud, Minn., Feb. 4.—More than 1,000 exhibits from 16 central Minnesota counties were included in the midwinter seed and poultry show being held in St. Cloud. It was estimated that more than 2,500 farmers had come to the show by noon. Judging of both the poultry and seed exhibits started at noon today. A free lunch was served yesterday noon by the St. Cloud Chamber of Commerce to the guests.

Attractive programs of speakers and entertainers have been provided for all three days of the show.

UNCLE SAM SCRAPPING "FIGHTING BOB" EVANS' FLAGSHIP, THE CONNECTICUT, UNDER THE DISARMAMENT PACT

This photograph was made while the battleship Connecticut was being reduced to junk at San Francisco to comply with the terms of the Naval Limitation of Armaments Treaty. The Connecticut at one time was the flagship of Admiral Robley D. (Fighting Bob) Evans.

FORBES AND THOMPSON ARE SENTENCED TODAY

2 YEARS IN FEDERAL PRISON
AND FINES OF \$10,000
EACH

CONVICTED OF CONSPIRING TO
DEFAUD THE GOVERN-
MENT

(By United Press)
Chicago, Feb. 4.—Sentences of two years in the federal penitentiary and a fine of \$10,000 each were imposed here today on Col. Charles R. Forbes, former head of the Veterans Bureau and John W. Thompson, St. Louis contractor, for conspiring to defraud the government in connection with the bureau's hospitalization contracts.

Federal Judge Carpenter rejected the motion for a new trial and immediately imposing sentence.

The sentences are the extreme penalty by the law.

Carson City, Nev., Feb. 4.—The child labor amendment to the federal constitution was refused ratification by the Nevada state assembly by a vote of 19 to 18.

NEW POSTAL SALARIES BILL

REV. KELLY OF PENNSYLVANIA
SUBMITS SAME TO PRESI-
DENT FOR APPROVAL

(By United Press)
Washington, Feb. 4.—A new postal salaries increase bill was reported to the House today.

The House postoffice committee, working with amazing speed, wrote increase in postal rates to raise \$60,000,000 in new revenue—enough, according to Representative Kelly, Pennsylvania, postal champion, to obtain the president's approval.

The salary increases amount to \$68,000,000. The bill is a substitute for the bill adopted by the senate, which incurred the disapproval of both the house and President Coolidge.

MOTION TO QUASH
DEFAMATION OF
CHARACTER CHARGE

Chicago, Feb. 4.—Motions to quash the defamation of character charges made by Mrs. Helen Elwood Stokes, millionaire New Yorker, were denied by Judge W. N. Gemmill in criminal court today.

Other motions by defense attorneys were denied and Judge Gemmill ordered selection of the jury.

TURKEY STATES ITS STAND ON PRIEST EXPULSION

(By United Press)
Athens, Feb. 4.—Expulsion of the Neumenical Patriarch of the Greek Catholic church from Turkey is an internal question with the Turkish government and does not infringe on the treaty of Lausanne, the Ankara government asserted today in reply to Greece's note protesting the expulsion. Turkey flatly rejected the Greek proposal that the question be submitted to arbitration of the Hague court.

STATE HOPES TO SEND 65 YEAR WOMAN TO DEATH

65 YEAR OLD GRANDMOTHER
MCCURDY CHARGED WITH
POISONING HUSBAND

FOUR VENIRES EXHAUSTED BE-
FORE JURY IS FINALLY
SELECTED

(By United Press)
Coshocton, O., Feb. 4.—The state today began building the case on which it hopes to send 65-year-old Grandmother McCurdy to the electric chair for the alleged poisoning of her aged husband.

After exhausting four venires the jury which is to hear Mrs. McCurdy's first degree murder trial was seated late yesterday and a small amount of perfunctory testimony entered in the records.

Today two chemists who examined William Allison McCurdy's body several months after death were waiting to testify that they found enough poison in his stomach to cause death.

Mrs. Myrtle Haxton, youngest of the defendant's five children, may take the stand in an attempt by the prosecution to prove a motive in the alleged murder. According to Prosecutor C. O. Turner, Mrs. Haxton will reveal the strife within the McCurdy family which is alleged to have been Mrs. McCurdy's desire to dispose of her wealthy husband.

SYMPTOMS OF
ARSENIC POISONING

Coshocton, O., Feb. 4.—The state's attempt to send Grandmother Clara McCurdy to the electric chair for murdering her aged husband showed no sign of weakening as the trial progressed today.

Through the direct testimony of Dr. H. R. McCurdy, cousin of the dead man, Prosecutor C. O. Turner established that William Allison McCurdy before his death showed all the symptoms of arsenic poisoning.

2500 MILE NON-STOP TRIP BY AIRPLANE

TWO FRENCH AVIATORS FLY
FROM PARIS TO
SENEGAL

THEIR PLANE WAS A POWERFUL
480 HORSEPOWER
BREGUET

(By United Press)
Paris, Feb. 4.—Two French aviators, LeMaitre and Arrachard, have completed a non-stop flight from Paris to Senegal, a distance of more than 2500 miles.

Their plane, a powerful 480-horsepower Breguet, was reported to have arrived at a point near Dakar in the French possessions in West Africa this afternoon.

The airmen took off at 11:30 a. m. Tuesday.

A world's record is claimed by French aeronautical authorities, the distance from Paris to Dakar being slightly more than 2520 miles, covered by Lieuts. O. G. Kelly and J. A. Macready in their cross-continent flight May 2-3, 1923.

MATHER DENIES ASSAULT CHARGE

DEPUTY ALLEGED TO HAVE AB-
DUCTED GIRL IS AR-
RAIGNED

St. Paul, Feb. 4.—Franklin Lee Mather, former deputy sheriff, arrested on a charge of assault and battery after an alleged attempted abduction of a young woman, pleaded not guilty in municipal court today.

Complaining was filed by Frank Wold, a roomer at 329 Nelson ave., where the attempted abduction took place early Monday morning.

It is alleged Mather entered the room of Miss Evelyn Ayes at the Nelson ave. address after she had gone to bed and ordered her to leave with him at once.

She threw on a coat over her night clothes and started down the stairs. Wold heard the commotion, attempted to interfere and was knocked down by Mather, it is alleged.

The latter declared he was a deputy sheriff and had the girl under arrest. She escaped from him two blocks from her home and was taken to central station by passing motorists.

Mather appeared in municipal court today with his attorney, Thos. McMeekin. His case was continued until Feb. 18 for hearing.

HIRAM JOHNSON GIVES HIS VIEWS ON PARIS PACT

(By United Press)
Washington, Feb. 4.—The Paris reparations agreement is a direct repudiation of the Republican administration policy "to let America live her own life and her own way unentangled in European politics," Senator Hiram Johnson asserted on the floor of the Senate today.

COLLINS NOW DIGGING HIS FOOT LOOSE

IMPRISONED EXPLORER MAY
SOON BE RELEASED FROM
DEPTHS OF EARTH

BELIEVES HE WILL SEE DAY-
LIGHT IF PNEUMONIA DOES
NOT GET HIM

(By United Press)
Cave City, Ky., Feb. 4.—"Collins is digging his foot loose; we gave him a hoe," members of the crew which is making a last desperate effort to free Floyd Collins from the cavern prison where he has lain helpless since Friday, announced when they were relieved by a fresh squad early today.

Collins had gone exploring in an effort to provide new thrills for next summer's tourists. He wanted to add this cave to his discoveries, which include Crystal Cave and a new entrance to Mammoth Cave.

And he did it, but his work will be useless unless he is taken alive from his living tomb 300 feet under the earth. If he dies his father, Fred Collins, asserted the cave never will be opened.

But everyone expects Collins to be taken out alive. So does Floyd. He told the last crew coming to the surface:

"I'll live to see daylight all right—if this cough doesn't get me first." Collins is threatened with pneumonia.

MAY AMPUTATE
FLOYD COLLINS' LEG

Chicago, Feb. 4.—Equipped with numerous special instruments and large quantities of anesthetic, Dr. William Hazlett, surgeon of St. Luke's hospital here, today was speeding toward the rescue of Floyd Collins, intrepid explorer who is trapped in a sand cave at Cave City, Ky.

Dr. Hazlett left during the night, hoping to be able to amputate Collins' leg shortly after noon today. His trip is being financed by an anonymous St. Luke's patient who has become interested in the case.

Fear that Collins may suffer from excessive loss of blood because the operation must be performed so close to the waist line was expressed by Dr. Hazlett as he left, but he said every precaution would be taken.

CAVERN REFUSES TO
GIVE UP CAPTIVE

Cave City, Ky., Feb. 4.—The cavern that has held Floyd Collins prisoner for more than 100 hours refuses to give him up.

Early today Collins was plucked from the sandstone vise that clamped him to the cavern floor last Friday.

But no sooner was he free from the place than the tunnel wall collapsed. Rescuers predicted Collins will die in the tunnel before night.

Tolling as a human chain the crews had hacked to the spot where Collins lay. Inch by inch as they wormed forward they had widened the narrow space that led to the boulder. After much toil their labor was rewarded. Collins was released.

Hastily the chain backed out. The toilers sought a sheet of canvas in which to carry out the victim. While they were outside the roof fell in.

Only a few bushels of earth slumped down but in the dirt is a heavy

TROUBLE AT FREE DISPENSARY MAY BE CAUSED BY CRANK

2 STUDENTS DIE AND OTHERS
SERIOUSLY ILL IN COLUMBUS
INSTITUTION

POISON CLUE FOUND WHEN DOC-
TORS FIND STRYCHNINE IN
PATIENT'S STOMACH

(By United Press)
Columbus, O., Feb. 4.—A deadly poison mixed with medicine at a free dispensary at Ohio state university, probably by some "crank," was the direct cause of the death of two students and the serious illness of several others here this week.

This was the statement issued today by Dr. E. F. McCampbell of the university school of medicine who declared that he had made an exhaustive investigation.

Two deaths were at first attributed to epidemic cerebrospinal meningitis, a highly contagious malady, and a score of students who had come in contact with the victims were immediately isolated.

The poison clue appeared today when Dr. McCampbell, who pumped out the stomach of George H. Thompson of Canton, O., found it contained strychnine. Thompson was near death, presumably from meningitis.

Mr. McCampbell said after an all-night investigation he had discovered that Charles Huls and David Pusken, two other students who died early in the week, were given the same prescription from the university dispensary as has been given to Thompson.

The prescription is believed to have been adulterated in the dispensary.

ST. PAUL ADVENTISTS DENY THEY BELIEVE WORLD'S END DUE

St. Paul, Feb. 4.—"The Seventh Day Adventists have never set nor will they ever attempt to set any date for the second coming of Christ and the end of the world."

Such was the statement made today by A. R. Smouse, secretary, Minnesota Conference of the Seventh Day Adventists, commenting on telegraphic dispatches from Cleveland, O., that 100 Adventists of that city are preparing for the world's destruction on Feb. 6.

"That group of Adventists in Cleveland," explained Mr. Smouse, "are apostates from the Seventh Day Adventists, followers of a self-styled 'prophet' in California by name of Rowan, who call themselves Reformed Seventh Day Adventists. Appeal is being made to the courts by our national headquarters in Washington to restrain these apostates from using the name of our denomination because it causes us much trouble."

WISCONSIN RATIFIES CHILD LABOR MEASURE

(By United Press)
Madison, Wis., Feb. 4.—The Wisconsin senate ratified the child labor amendment today by a vote of 19 to 10.

stone that completely closed the slim corridor.

Air from the surface is cut off and unless air gets to Collins from the cavern beyond the boulder he is doomed.

RESCUERS GIVE
UP HOPE TODAY

Cave City, Ky., Feb. 4.—Floyd Collins will not come out of the cave alive. He will die of starvation and sickness.

Rescuers gave up hope today when John Collins, dam digger of Louisville, voiced this conclusion. John Collins is directing rescue work.

"We need 50 more men," John Collins said at noon. "Every man here is doing what he can—the Red Cross must get food and other supplies to us quickly."

NEW EPOCH IN POWER SUPPLY IN BRAINERD

NEW STATION OF CITY RECEIVES ELECTRIC CURRENT

6 SUPPLY CENTERS NOW INSURE
SERVICE WITHOUT INTER-
RUPTION

POWER GENERATED AT NASH-
WAUK, BLANCHARD, LITTLE
FALLS, RIVERTON, ETC.

Wednesday marked a new epoch in the history of the Brainerd Water & Light Board, for at 9:20 o'clock on this morning the electric current was turned on through the new station recently completed by the city at the pumping station in the south part of town.

In the past the electric current has always been brought into the city through the old station owned by the company on East Laurel St. This station is now being dismantled, which will take about three days. During this time, or on Wednesday, Thursday and Friday evenings, the arc lights used through the residence portion of the city for street lighting, will be turned off, and the transfer will be made of these connections to the new stations. The transfer was planned at this time because of the moonlight nights, making the street lighting less necessary than at other times. The ornamental lamp lighting in the downtown business section has already been connected.

The Water and Light Board feels now that it is in a position to furnish Brainerd with practically uninterrupted electric service, something which, in the past, could not be depended upon, due to the limited number of sources of supply.

This has been remedied by the Minnesota Power & Light Company, which has furnished six direct connections with power stations, insuring electric current from one or more should any of the others become incapacitated. These six stations are as follows:

From Nashauk on the Mesaba range to Brainerd, power coming from the Thomson Falls near Duluth. From the Blanchard Dam plant, southwest of Royalton on the Mississippi river.

From the Little Falls dam in that city, also on the Mississippi river. The power plant at the Sylvan dam, south of the station by the same name, on the Crow Wing river. The plant at the Pillager dam in that village.

The auxiliary steam plant near Riverton, which has just been overhauled and placed in commission.

In addition to these six sources of supply, and as still another precaution against the danger of being without light, the Water and Light Board will have connections with the plant at the Northwestern Paper Company, in Northeast Brainerd. The city has a reciprocal contract with the paper company for current in case it is necessary to make a hook-up. This contract provides that the company will furnish current to the city when it is needed, and the city is to furnish current to the paper company should the latter's plant be out of commission at any time. Two transformers are already in place for this connection and the third will be installed in the near future, thus completing the arrangements with the paper company.

Early today Collins was plucked from the sandstone vise that clamped him to the cavern floor last Friday.

But no sooner was he free from the place than the tunnel wall collapsed. Rescuers predicted Collins will die in the tunnel before night.

Tolling as a human chain the crews had hacked to the spot where Collins lay. Inch by inch as they wormed forward they had widened the narrow space that led to the boulder. After much toil their labor was rewarded. Collins was released.

Hastily the chain backed out. The tollers sought a sheet of canvas in which to carry out the victim. While they were outside the roof fell in.

Only a few bushels of earth slumped down but in the dirt is a heavy

2 STUDENTS DIE AND OTHERS
SERIOUSLY ILL IN COLUMBUS
INSTITUTION

POISON CLUE FOUND WHEN DOC-
TORS FIND STRYCHNINE IN
PATIENT'S STOMACH

(By United Press)
Columbus, O., Feb. 4.—A deadly poison mixed with medicine at a free dispensary at Ohio state university, probably by some "crank," was the direct cause of the death of two students and the serious illness of several others here this week.

This was the statement issued today by Dr. E. F. McCampbell of the university school of medicine who declared that he had made an exhaustive investigation.

Two deaths were at first attributed to epidemic cerebrospinal meningitis, a highly contagious malady, and a score of students who had come in contact with the victims were immediately isolated.

The poison clue appeared today when Dr. McCampbell, who pumped out the stomach of George H. Thompson of Canton, O., found it contained strychnine. Thompson was near death, presumably from meningitis.

Mr. McCampbell said after an all-night investigation he had discovered that Charles Huls and David Pusken, two other students who died early in the week, were given the same prescription from the university dispensary as has been given to Thompson.

The prescription is believed to have been adulterated in the dispensary.

ST. PAUL ADVENTISTS
DENY THEY BELIEVE
WORLD'S END DUE

St. Paul, Feb. 4.—"The Seventh Day Adventists have never set nor will they ever attempt to set any date for the second coming of Christ and the end of the world."

Such was the statement made today by A. R. Smouse, secretary, Minnesota Conference of the Seventh Day Adventists, commenting on telegraphic dispatches from Cleveland, O., that 100 Adventists of that city are preparing for the world's destruction on Feb. 6.

"That group of Adventists in Cleveland," explained Mr. Smouse, "are apostates from the Seventh Day Adventists, followers of a self-styled 'prophet' in California by name of Rowan, who call themselves Reformed Seventh Day Adventists. Appeal is being made to the courts by our national headquarters in Washington to restrain these apostates from using the name of our denomination because it causes us much trouble."

WISCONSIN
RATIFIES CHILD
LABOR MEASURE

(By United Press)
Madison, Wis., Feb. 4.—The Wisconsin senate ratified the child labor amendment today by a vote of 19 to 10.

stone that completely closed the slim corridor.

Air from the surface is cut off and uneven air gets to Collins from the cavern beyond the boulder he is doomed.

RESCUERS GIVE
UP HOPE TODAY

Cave City, Ky., Feb. 4.—Floyd Collins will not come out of the cave alive. He will die of starvation and sickness.

Rescuers gave up hope today when John Collins, dam digger of Louisville, voiced this conclusion. John Collins is directing rescue work.

"We need 50 more men," John Collins said at noon. "Every man here is doing what he can—the Red Cross must get food and other supplies to us quickly."

PUPILS, TEACHERS NOT VACCINATED ORDERED BARRED

CITY HEALTH OFFICER'S EDICT IN ST. PAUL EFFECTIVE THURSDAY

3,000 PUPILS ARE AFFECTED, PRIVATE AND PUBLIC SCHOOLS

St. Paul, Feb. 4.—An order excluding non-vaccinated pupils and teachers from the schools on and after Thursday has been issued by Dr. B. F. Simon, city health officer.

It was duly signed by Commissioner J. M. Clancy and provides that children and teachers who have been vaccinated since Jan. 25 may be admitted for a period of two weeks, pending an examination to determine whether the vaccination is successful.

It also provides that where examination reveals that the vaccination has not been successful one re-vaccination is to be made after two weeks.

It is estimated that about 3,000 pupils and 50 teachers in the public schools have not yet been vaccinated. According to Dr. Simon all the pupils in parochial schools have been vaccinated. The order follows:

"WHEREAS, The state board of health has declared that an epidemic of smallpox exists throughout Minnesota, and the health officer of St. Paul also has declared that such an epidemic exists, which is particularly serious in the district adjoining St. Paul, and that the smallpox which is epidemic is of the most malignant type, and that there is in fact an epidemic of smallpox in St. Paul, and that the particular type of smallpox which is epidemic is highly contagious and results in a large percentage of fatalities, and that vaccination is a preventative of this type of smallpox, and in the opinion of the city health officer, it is necessary, in order to prevent the further spread of smallpox, to bar from the schools of St. Paul all teachers, employees, and pupils who have not been vaccinated; and

"WHEREAS, The commissioner of education of St. Paul has approved of the proposal to bar from the schools all persons who have not been vaccinated;

IT IS HEREBY ORDERED That, effective Thursday morning, Feb. 5, no person shall be allowed in the public schools of St. Paul or in any private or parochial school, either as a teacher, employee, visitor or pupil, who has not been successfully vaccinated within the last five years, until further order; provided, however, that any person who has not been successfully vaccinated within the last five years, but who has been vaccinated since Jan. 25, may be admitted pending a determination of whether or not such vaccination has been successful, and may remain in said school for a period of two weeks after the date of vaccination, provided such person is immediately re-vaccinated after the expiration of two weeks if the first vaccination is unsuccessful within that period—St. Paul Daily News.

NOME WINS ITS FIGHT AND SAVES PEOPLE

FROZEN ANTI-TOXIN DID NOT HAVE EFFICACY IMPAIRED

VIRULENT TYPES OF DIPHTHERIA ARE BEING CHECKED

(By United Press)
Nome, Alaska, Feb. 4.—Nome is winning its fight to control the epidemic of diphtheria.

Anti-toxin frozen while being rushed over icy trails by weary men and dogs has been found to be good and the work of distributing it to the threatened people of the city is going forward rapidly.

Dr. Curtis Welch who has grown grey in the service of Nome and Miss Emily Morgan, formerly of Wichita, Kan., of the Maynard hospital here are going from house to house today in their fight on the most virulent cases of the disease. Every effort will be made to prevent spread of the disease.

Gunnar Kasson and Leonard Sappala, two of the drivers who fought so bravely to bring help to the helpless are being acclaimed heroes. Kasson, it was said, had completely recovered from the gruelling dash from Golovan through the teeth of the blizzard.

N. P. Ad. Chief Plans Foreign Trade Special

St. Paul, Feb. 4.—M. M. Goodwill, advertising manager of the Northern Pacific, has returned from a business trip to Washington, New York and Boston.

While in the east he made preliminary arrangements for handling a special train of the national foreign trade council which will meet in Seattle the latter part of June.

EDUCATIONAL

FILMS IN MOVIES

Board of Education Adverse to Announcing Same in Schools

SCHOOL ELECTIONS BILL

Changing Methods of Voting on Bonds Passed the House

A committee representing the various parent-teachers associations of the city waited upon the board of education at its regular meeting Monday night, for the purpose of obtaining permission to have announcements of certain educational films made in the schools by the teachers.

The committee's plan was to select a board of critics from the local parent-teachers association, whose duty it would be to pass upon all educational films proposed for showing at the Brainerd theatres. Only such pictures as are approved by this board of critics would be announced in the schools.

The subject was discussed by the school board at a previous meeting, and at that time, by motion carried, it was deemed unwise to shoulder the responsibility, and the plan was turned down. On Monday night, however, the discussion was revived, and was considered by the board for nearly two hours, every phase of the matter being carefully discussed.

At the end of this time, on motion, the subject was put to an aye and nay vote, and the board voted not to grant the committee's request, six being against the idea of announcing the films in the schools, and three favoring such announcements.

The secretary of the board read a telegram from Representatives Long and Scallon, advising that the bill for changing the method of holding school elections on bond measures had passed the house in the Minnesota legislature on last Saturday. It will be of interest to Dispatch readers to learn that since the board meeting on Monday night this measure has passed the senate also. The bill was drafted through the efforts of the local board.

A communication was read from the secretary of the Minnesota School Board Association, John E. Palmer, calling attention to the annual meeting of that organization which will be held on February 5th and 6th at the Ryan hotel, St. Paul, and asking that delegates be sent to this meeting.

On motion of Bredenberg and Stanley, Mrs. J. A. Thabes was asked to attend the meeting as a delegate from the local board. L. P. Hohman, who is a member of the legislative committee of the association, may also attend. On motion carried an order was authorized drawn for the local board's annual dues as a member of the association.

A resignation was received from Miss Myrtle Olson, a grade teacher in the Lowell building. The reason given for the resignation was that two deaths in her family within the past two months necessitated her going home. On motion carried the resignation was accepted and her release granted.

The teachers committee reported that it had employed a Miss Lottie S. Krostue to fill the vacancy made by Miss Olson's resignation. The report was accepted and the committee's action ratified.

Superintendent W. C. Cobb submitted his monthly report on the condition of the book room, for the month of January, which was accepted and placed on file.

Superintendent Cobb also made a further report on the conditions and work being accomplished in the Brainerd schools, which report will be found in another column of the Dispatch. The one recommendation made in this report was that the primary classes be authorized for opening in March, on lines similar to those in force last year. In acting upon this recommendation, the board left the matter in the hands of the teachers committee and the superintendent, with power to act.

Three bids were received for furnishing and applying a steel ceiling on the assembly room at the Washington building, and these bids were opened at Monday's meeting.

Contractor John B. Eggerling submitted a bid upon this work amounting to \$370 and \$84 additional for covering the beams.

Contractor John A. Jackson's bid was for \$350 and Contractor Vernon E. White for \$360. Contractor Jackson's bid being the lowest the contract was awarded to him, and the certified checks of the unsuccessful bidders ordered returned to them. This work is to be done during the

Easter vacation, or sooner if possible.

The building committee reported on recent repair work completed at the Lowell building's heating plant, made necessary by freezing in the extreme cold weather. The report was accepted and the committee's action ratified.

The finance committee submitted its report showing that the quarterly report of the treasurer on the condition of the United States Veteran's Bureau account for the period ending October 31st, 1924, had been audited and found correct.

In compliance with the wishes expressed by the majority of the local teachers, the schools of the city will close for the Easter vacation on Friday, March 27th, and will reopen on Monday April 6th. In addition to this, there will be no school on Good Friday.

The usual bills and payrolls were allowed and the board adjourned at 12:35 o'clock Tuesday morning. All board members were present except President George D. LaBar, Vice President E. L. Dahl presided in the president's absence.

EVANGELIST TO HOLD MEETINGS

Rev. E. A. Skogsbergh, Minneapolis to be at Swedish Bethany Church

STARTING THURSDAY EVENING

Well Known Veteran Pastor and Evangelist of the Northwest

Rev. E. A. Skogsbergh of Minneapolis will speak at the Swedish Bethany church, corner 9th and Maple street, beginning on Thursday evening the 5th, at 7:30 o'clock, and continuing over Sunday the 8th.

Rev. Skogsbergh is well known among the Scandinavian population throughout the Northwest and for that matter all over the whole country. He was pastor for twenty-five years of the Swedish Tabernacle in Minneapolis, one of the largest churches in that city, which he built up from a small beginning to its present strength. The church edifice, which is one of the largest in Minneapolis, has a seating capacity of 2,500 which Rev. Skogsbergh built about 30 years ago. He has been in active church work in the Northwest for the last 40 years. For the last 15 years he has been an Evangelist at large within the Swedish Evangelical Mission Covenant of America, giving his time to churches and places where they like to have him and to churches which he thinks needs his help of good council and wide experience and thereby giving them an encouragement and uplifting.

Rev. Skogsbergh is a good preacher and singer and although he is now 74 years old he is as active as a man of fifty.

He will have a message for all. You will be benefited. You are welcome to come and hear him. He will be pleased to have all his friends come out to see and hear him.

The ladies choir and the mixed quartet will assist with good singing. Remember the time 7:30 p. m. Thursday to Sunday.

ATTENDANCE

CONTEST CLOSED

Knights of Pythias Divided Lodge Into Two Teams

CAMPAIGN OF 2 MONTHS

E. W. McQuillin and Roy Sherlund Were Respective Captains

The attendance contest, carried out by White Cross lodge, No. 30, Knights of Pythias, came to a successful close on January 21st, after being carried out over a period of two months.

The lodge was divided into two teams, the Reds, under the leadership of E. W. McQuillin, and the Blues captained by Roy Sherlund. Captain Sherlund and his "world beaters" won the contest in a very exciting and interesting campaign, neither team having much of a lead over the other at any one time.

The purpose of the contest was to stimulate attendance at every lodge meeting, and was an even bigger success than had at first been anticipated. By the rules governing this contest, the losing team was to serve a supper to the winners.

The Reds, being exceptionally good sports, have taken their defeat in the proper spirit, and have promised to serve a fine feed at the regular meeting of the lodge on Wednesday evening, February 4th.

All Knights are urged to be present at this meeting, and to get in on the big feed to be served immediately after the session.

Of much interest to all Pythians is the local bulletin published each month which contains four pages of gossip concerning the lodge and what has been accomplished at the various meetings during the past month.

READ THIS AND SAVE HARD CASH

(By United Press) Washington, Feb. 4.—You'll probably pay too much income tax if you don't read this story.

Thousands of dollars of excess payments or income taxes have been paid since January 1 the internal revenue bureau says, because the taxpayers aren't taking advantage of one of the most important tax reductions made by congress last year, and effective this year for the first time.

Most taxpayers notice that the normal rates for small incomes are much lower than last year, and pay accordingly.

But they don't notice this: "Earned income" only has to pay 75 per cent of the tax as computed under the regular rate.

Earned income, according to the new law, includes "wages, salaries, professional fees and other amounts received as compensation for service actually rendered."

All net income for 1924 up to the sum of \$5,000 is regarded as "earned net income," for the purpose of making this 25 per cent reduction.

The total of "earned net income," however, can be as high as \$10,000, but no higher.

For example, a taxpayer who re-

ceived \$2,000 in salary and \$3,000 in profit from a real estate deal is entitled to count it as "earned income," and pay three-fourths of the tax on it. A taxpayer who gets a salary of \$10,000 is entitled likewise to deduct 25 per cent. A taxpayer with a salary of \$5,000, and a real estate deal profit of \$5,000, however, is entitled to the deduction only on the \$5,000 of salary. A taxpayer whose net salary income for 1925 was \$15,000 can deduct the credit on the tax on only \$10,000.

The personal exemptions and deductions for dependents are taken out of the income before arriving at the "net income" on which the tax, and, in many cases, the 25 per cent reduction, is decided.

Another relief for businessmen provided in the new tax law is being disregarded by many returns, the bureau says. This is as follows:

"A taxpayer who is operating a business in which both personal service and capital are material income-producing factors, is entitled to a reasonable allowance as compensation for personal services actually rendered, which amount shall be considered as earned net income. This amount shall not exceed 20 per cent of his share of the net profits of such trade or business, and in no case can he consider any amount over \$10,000 as net income."

On this "earned net income," the businessman is entitled to deduct 25 per cent of the taxes due. If the share of 20 per cent of his profits amounts to \$10,000 or less, the taxpayer may consider the entire amount "earned income."

Taxpayers failing to understand the new regulations are advised to call at the offices of the internal revenue collectors.

WASHINGTON'S

BIRTHDAY OBSERVED

Aurora Lodge, No. 100, of Masons Will Have Appropriate Exercises

AFTERNOON AND EVENING

Many Visiting Masons Expected From the Neighboring Towns

Washington's birthday will be observed by Aurora Lodge, No. 100 A. F. & A. M., of Brainerd with appropriate exercises on the afternoon and evening of Monday, February 23rd.

This is an annual celebration on the part of the local Masonic order, and is always looked forward to with keen anticipation; not only by Brainerd Masons, but by members of the order in neighboring towns, who plan to attend the program of the day in large numbers.

At three o'clock Monday afternoon the third degree will be exemplified the work done by past masters of Aurora lodge.

The annual banquet will be held at 6:30 o'clock, and will be served by the ladies of the Eastern Star. Reservations for this banquet are necessary in advance, so that the ladies will know for how many to prepare.

In the evening an entertainment will be staged, the details of which have not as yet been completed. It will be an entertainment with a program appropriate to Washington's birthday.

EDUCATIONAL

FILMS IN MOVIES

Board of Education Adverse to Announcing Same in Schools

SCHOOL ELECTIONS BILL

Changing Methods of Voting on Bonds Passed the House

A committee representing the various parent-teachers associations of the city waited upon the board of education at its regular meeting Monday night, for the purpose of obtaining permission to have announcements of certain educational films made in the schools by the teachers.

The committee's plan was to select a board of critics from the local parent-teachers association, whose duty it would be to pass upon all educational films proposed for showing at the Brainerd theatres. Only such pictures as are approved by this board of critics would be announced in the schools.

The subject was discussed by the school board at a previous meeting, and at that time, by motion carried, it was deemed unwise to shoulder the responsibility, and the plan was turned down. On Monday night, however, the discussion was revived, and was considered by the board for nearly two hours, every phase of the matter being carefully discussed.

At the end of this time, on motion, the subject was put to an aye and nay vote, and the board voted not to grant the committee's request, six being against the idea of announcing the films in the schools, and three favoring such announcements.

The secretary of the board read a telegram from Representatives Long and Scallon, advising that the bill for changing the method of holding school elections on bond measures had passed the house in the Minnesota legislature on last Saturday. It will be of interest to Dispatch readers to learn that since the board meeting on Monday night this measure has passed the senate also. The bill was drafted through the efforts of the local board.

A communication was read from the secretary of the Minnesota School Board Association, John E. Palmer, calling attention to the annual meeting of that organization which will be held on February 5th and 6th at the Ryan hotel, St. Paul, and asking that delegates be sent to this meeting.

On motion of Bredenberg and Stanley, Mrs. J. A. Thabes was asked to attend the meeting as a delegate from the local board. L. F. Hohman, who is a member of the legislative committee of the association, may also attend. On motion carried an order was authorized drawn for the local board's annual dues as a member of the association.

A resignation was received from Miss Myrtle Olson, a grade teacher in the Lowell building. The reason given for the resignation was that two deaths in her family within the past two months necessitated her going home. On motion carried the resignation was accepted and her release granted.

The teachers committee reported that it had employed a Miss Lottie S. Krostue to fill the vacancy made by Miss Olson's resignation. The report was accepted and the committee's action ratified.

Superintendent W. C. Cobb submitted his monthly report on the condition of the book room, for the month of January, which was accepted and placed on file.

Superintendent Cobb also made a further report on the conditions and work being accomplished in the Brainerd schools, which report will be found in another column of the Dispatch. The one recommendation made in this report was that the primary classes be authorized for opening in March, on lines similar to those in force last year. In acting upon this recommendation, the board left the matter in the hands of the teachers committee and the superintendent, with power to act.

Three bids were received for furnishing and applying a steel ceiling on the assembly room at the Washington building, and these bids were opened at Monday's meeting.

Contractor John B. Eggerling submitted a bid upon this work amounting to \$370 and \$84 additional for covering the beams.

Contractor John A. Jackson's bid was for \$350 and Contractor Vernon E. White for \$360. Contractor Jackson's bid being the lowest the contract was awarded to him, and the certified checks of the unsuccessful bidders ordered returned to them. This work is to be done during the

Easter vacation, or sooner if possible.

The building committee reported on recent repair work completed at the Lowell building's heating plant, made necessary by freezing in the extreme cold weather. The report was accepted and the committee's action ratified.

The finance committee submitted its report showing that the quarterly report of the treasurer on the condition of the United States Veteran's Bureau account for the period ending October 31st, 1924, had been audited and found correct.

In compliance with the wishes expressed by the majority of the local teachers, the schools of the city will close for the Easter vacation on Friday, March 27th, and will reopen on Monday April 6th. In addition to this, there will be no school on Good Friday.

The usual bills and payrolls were allowed and the board adjourned at 12:35 o'clock Tuesday morning. All board members were present except President George D. LaBar, Vice President E. L. Dahl presided in the president's absence.

Of much interest to all Pythians is the local bulletin published each month which contains four pages of gossip concerning the lodge and what has been accomplished at the various meetings during the past month.

READ THIS AND SAVE HARD CASH

(By United Press) Washington, Feb. 4.—You'll probably pay too much income tax if you don't read this story.

Thousands of dollars of excess payments or income taxes have been paid since January 1 the internal revenue bureau says, because the taxpayers aren't taking advantage of one of the most important tax reductions made by congress last year, and effective this year for the first time.

Most taxpayers notice that the normal rates for small incomes are much lower than last year, and pay accordingly.

But they don't notice this: "Earned income" only has to pay 75 per cent of the tax as computed under the regular rate.

Earned income, according to the new law, includes "wages, salaries, professional fees and other amounts received as compensation for service actually rendered."

All net income for 1924 up to the sum of \$5,000 is regarded as "earned net income," for the purpose of making this 25 per cent reduction.

The total of "earned net income," however, can be as high as \$10,000, but no higher.

For example, a taxpayer who re-

ceived \$2,000 in salary and \$3,000 in profit from a real estate deal is entitled to count it as "earned income," and pay three-fourths of the tax on it. A taxpayer who gets a salary of \$10,000 is entitled likewise to deduct 25 per cent. A taxpayer with a salary of \$5,000, and a real estate deal profit of \$5,000, however, is entitled to the deduction only on the \$5,000 of salary. A taxpayer whose net salary income for 1925 was \$15,000 can deduct the credit on the tax on only \$10,000.

The personal exemptions and deductions for dependents are taken out of the income before arriving at the "net income" on which the tax, and, in many cases, the 25 per cent reduction, is decided.

Another relief for businessmen provided in the new tax law is being disregarded by many returns, the bureau says. This is as follows:

"A taxpayer who is operating a business in which both personal service and capital are material income-producing factors, is entitled to a reasonable allowance as compensation for personal services actually rendered, which amount shall be considered as earned net income. This amount shall not exceed 20 per cent of his share of the net profits of such trade or business, and in no case can he consider any amount over \$10,000 as net income."

On this "earned net income," the businessman is entitled to deduct 25 per cent of the taxes due. If the share of 20 per cent of his profits amounts to \$10,000 or less, the taxpayer may consider the entire amount "earned income."

Taxpayers failing to understand the new regulations are advised to call at the offices of the internal revenue collectors.

COMMERCIAL TRAVELERS AND TRANSPORTATION

THERE exists no more consistent advocates and promoters of efficient transportation than the commercial travelers. For many years they have been alert to the needs of improved and utilized waterways, not as competitors of the railroads, but to supplement the service of the common carriers in handling bulky, low-grade freight.

Practically since the organization of the National Rivers & Harbors Congress, the United Commercial Travelers of America has maintained a membership in that body. Each year the order sends its delegates to Washington and these delegates are given a prominent part in the proceedings of this national delegate body which has for its sole object the keeping alive and as free from politics as may be, the progressive improvement of our national waterways.

Now the question of good roads is enlisting the traveling salesman and his support is being asked for and given to movements for the building and maintaining of good roads in many parts of the country.

The commercial traveler is a particular advocate of adopting efficient means for maintaining good roads after they are built. His very general use of his own automobile in business travel leads him to see that the heavy expenses of road building will be largely lost if intelligent plans are not put into effect to keep improved roads in repair.

The existence of the commercial traveler depends upon transportation which means distribution. Given distribution, the commercial traveler knows that competition will largely take care of itself and this very element will serve as a very great factor in the stabilizing if not standardizing of prices.

PRESERVING THE STATE'S WILD ANIMAL LIFE

Coupled with its lakes and rivers, its woods and marshes, all the groundwork for our increasing tourist trade, is linked the preservation and propagation of our wild animal life in Minnesota.

That Minnesota must act without delay to preserve its dwindling supply of game and fish is admitted by all who have given thought to this question, says the St. Paul Daily News. But there is a variety of opinion concerning the practical way to go about the matter.

Out of numerous suggestions has come one from Senator Charles H. Nelson of Becker county, which is meeting with general approval among legislators, and that is to greatly increase the scope of activities of the game and fish department and at the same time make the department self-supporting.

This would be done by requiring all fishermen to take out licenses, which is not done now except in the case of non-residents, and also increase the license fee collected from hunters.

In that way lakes could be taken care of, they could be stocked each year so the supply of fish would be increased instead of diminishing, and likewise the wild life problem interesting hunters could be solved.

Fishermen and hunters should gladly make whatever financial sacrifice is needed in this respect, and be the first ones to get back of the movement to retain for Minnesota its reputation of being the most attractive state in the union for outdoor enthusiasts.

IT'S A PRACTICAL MEASURE

THE bill to license automobile drivers in Minnesota is a most practical measure. The very thought impressed that one cannot drive a car without a license, will cause the driver to exercise care so that his license is not suspended or revoked.

First offenses carry a minimum penalty of 30-day suspension of driving. So registering all drivers by licensing them, will also make easier the detection of traffic law violations, etc.

The average heavy touring car is no more death-dealing in its latent power than a switch engine in the railroad yards. The engineer of the switch engine passes his examination, practically and theoretically, to show he is qualified to run an engine, and in the same way an automobile driver, if the bill is adopted, will give proof that he has the sense and ability and physical qualifications to drive a car. Its provisions are no more exacting than what is required of automobile drivers in the state of Massachusetts.

Accidents in Boston, with its widely known narrow and winding streets in sections, are kept to a minimum because of enforcement of the state's automobile driving laws. Drivers, on some streets, pass each other freely with only a foot clearance. Brakes and equipment are examined daily.

The old Greek axiom revolved around the assertion, "Know Thyself." The modern automobile driver in the east has it impressed on him, by law, to know his car and to be certain of his ability to drive the same.

THE RADIO BED

THE newest thing in radio broadcast receivers shown along Broadway is the radio bed. The "dope" sent out by Heber MacDonald seems trustworthy and we add his further remarks.

Of course, with high rents on Manhattan Isle it is of necessity a folding bed. The springs are used as an aerial and the loud speaker is built in the ornamental mantle head.

This new radio cabinet may have its advantages during the day, but imagine the joy of the XYG fan who can take his ease and bring in all the stations when he is dressed for dreamland. The radio bed is a good looking piece of furniture and the manufacturers expect to roll into wealth on a radio wave.

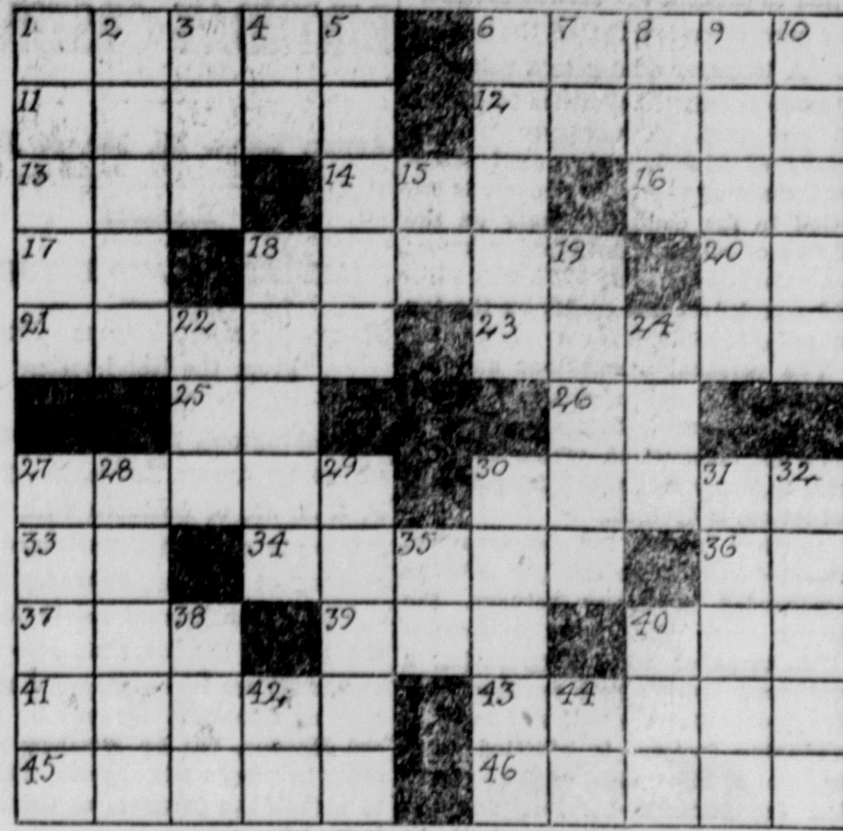

THE INCOME TAX BLANK

THEY say the income tax compilation has been simplified, that less lead pencils will be worn out making computations.

But we notice, just the same, that newspapers are running daily articles on the income tax and that one paper just recently published No. 22 of its daily instructions.

MAN in New Jersey "looked" at the late eclipse and had his sight restored.

BURT ADVANCES TO RAPELJE'S PLACE

A. M. Burt, who began work for the Northern Pacific railway as transit man on a survey for the Coeur d'Alene branch west of Missoula, Mont., in 1889, has been appointed vice president in charge of operation and maintenance of the Northern Pacific. It is announced from the Northern Pacific general offices in St. Paul.

He takes the place made vacant by the death of Vice President John M. Rapelje January 20.

Mr. Burt who has been assistant vice president since May 1, 1923, is a native of Syracuse, N. Y., and began his railroad career with the Colorado Midland railroad in 1885.

His service of practically thirty-

COMMERCIAL TRAVELERS AND TRANSPORTATION

THERE exists no more consistent advocates and promoters of efficient transportation than the commercial travelers. For many years they have been alert to the needs of improved and utilized waterways, not as competitors of the railroads, but to supplement the service of the common carriers in handling bulky, low-grade freight.

Practically since the organization of the National Rivers & Harbors Congress, the United Commercial Travelers of America has maintained a membership in that body. Each year the order sends its delegates to Washington and these delegates are given a prominent part in the proceedings of this national delegate body which has for its sole object the keeping alive and as free from politics as may be, the progressive improvement of our national waterways.

Now the question of good roads is enlisting the traveling salesman and his support is being asked for and given to movements for the building and maintaining of good roads in many parts of the country.

The commercial traveler is a particular advocate of adopting efficient means for maintaining good roads after they are built. His very general use of his own automobile in business travel leads him to see that the heavy expenses of road building will be largely lost if intelligent plans are not put into effect to keep improved roads in repair.

The existence of the commercial traveler depends upon transportation which means distribution. Given distribution, the commercial traveler knows that competition will largely take care of itself and this very element will serve as a very great factor in the stabilizing if not standardizing of prices.

PRESERVING THE STATE'S WILD ANIMAL LIFE

Coupled with its lakes and rivers, its woods and marshes, all the groundwork for our increasing tourist trade, is linked the preservation and propagation of our wild animal life in Minnesota.

That Minnesota must act without delay to preserve its dwindling supply of game and fish is admitted by all who have given thought to this question, says the St. Paul Daily News. But there is a variety of opinion concerning the practical way to go about the matter.

Out of numerous suggestions has come one from Senator Charles H. Nelson of Becker county, which is meeting with general approval among legislators, and that is to greatly increase the scope of activities of the game and fish department and at the same time make the department self-supporting.

This would be done by requiring all fishermen to take out licenses, which is not done now except in the case of non-residents, and also increase the license fee collected from hunters.

In that way lakes could be taken care of, they could be stocked each year so the supply of fish would be increased instead of diminishing, and likewise the wild life problem interesting hunters could be solved.

Fishermen and hunters should gladly make whatever financial sacrifice is needed in this respect, and be the first ones to get back of the movement to retain for Minnesota its reputation of being the most attractive state in the union for outdoor enthusiasts.

IT'S A PRACTICAL MEASURE

THE bill to license automobile drivers in Minnesota is a most practical measure. The very thought impressed that one cannot drive a car without a license, will cause the driver to exercise care so that his license is not suspended or revoked.

First offenses carry a minimum penalty of 30-day suspension of driving. So registering all drivers by licensing them, will also make easier the detection of traffic law violations, etc.

The average heavy touring car is no more death-dealing in its latent power than a switch engine in the railroad yards. The engineer of the switch engine passes his examination, practically and theoretically, to show he is qualified to run an engine, and in the same way an automobile driver, if the bill is adopted, will give proof that he has the sense and ability and physical qualifications to drive a car. Its provisions are no more exacting than what is required of automobile drivers in the state of Massachusetts.

Accidents in Boston, with its widely known narrow and winding streets in sections, are kept to a minimum because of enforcement of the state's automobile driving laws. Drivers, on some streets, pass each other freely with only a foot clearance. Brakes and equipment are examined daily.

The old Greek axiom revolved around the assertion, "Know Thyself." The modern automobile driver in the east has it impressed on him, by law, to know his car and to be certain of his ability to drive the same.

THE RADIO BED

THE newest thing in radio broadcast receivers shown along Broadway is the radio bed. The "dope" sent out by Heber MacDonald seems trustworthy and we add his further remarks.

Of course, with high rents on Manhattan Isle it is of necessity a folding bed. The springs are used as an aerial and the loud speaker is built in the ornamental mantle head.

This new radio cabinet may have its advantages during the day, but imagine the joy of the XYG fan who can take his ease and bring in all the stations when he is dressed for dreamland. The radio bed is a good looking piece of furniture and the manufacturers expect to roll into wealth on a radio wave.

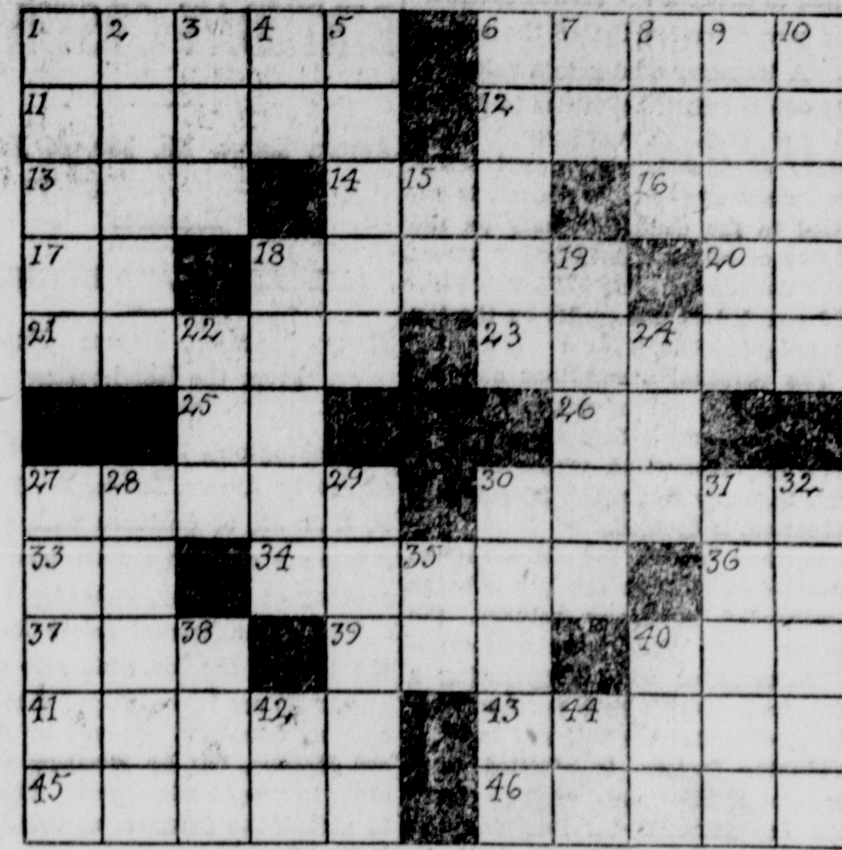

THE INCOME TAX BLANK

THEY say the income tax compilation has been simplified, that less lead pencils will be worn out making computations.

But we notice, just the same, that newspapers are running daily articles on the income tax and that one paper just recently published No. 22 of its daily instructions.

MAN in New Jersey "looked" at the late eclipse and had his sight restored.

Certificates**

\$2.00 merchandise certificates will be given to the writers of the next best 200 letters received during this contest. Certificates are good for one year from date issued, and will be received as cash for or toward the purchase of anything in our store.

TERMS AND INSTRUCTIONS FOR CONTEST

This is as novel, educational, interesting and simple a contest as was ever conducted. The contest starts today and remains open for a limited time only. Every housewife, regardless of how she does her ironing, is eligible to enter this contest. There is a prize for nearly every contestant, and all you have to do is write a letter. It costs nothing. Every housewife has an equal opportunity to win one of these attractive prizes.

Think of winning one of these vacation trips with transportation and Pullman berths for yourself and kiddies, absolutely free. Think of the many places of interest where you can go within a radius of 500 miles from your home, or you may prefer to have the \$100 in cash. Then just sit down with a determination to win this wonderful prize. Remember, it costs nothing, and your opportunity to win is not limited, no matter who you are or where you live.

There are no special restrictions or perplexing features about this contest. Simply write us a letter, telling us just how you do your ironing. Possibly you do it yourself, send it to the laundry, or hire a laundress to do it for you. In either case, just tell us how it is done and why you prefer having it done in that particular way. The letters given below are merely examples of the letters

other women have written on this subject. Choose the letter which most closely fits your ironing methods and reflects your viewpoints on the subject, and then sit down and write your letter. The only rules governing this contest are as follows:

1. Letters must be written in ink on plain white paper, and on one side of the sheet only and must not exceed 150 words.
2. Each letter should be sent by first class mail, postage prepaid. Entries with insufficient postage will be returned by the postoffice department.
3. Each contestant is entitled to write one letter only.
4. Letters must be addressed to the Contest Judge, Kelley-Duluth Company, 6 E. Superior St., Duluth, Minnesota.
5. Name and address must be written clearly, and in full.
6. Letters will not be returned. We reserve the right to publish your letter.
7. The judge's decision of winners will be final. In case of ties, a duplicate award will be given each tying contestant.

Choose One of These Letters as an Example— Then Write Your Own

Gentlemen: I have been keeping house for over twenty years, and during that time I have tried only two different methods of doing my ironing.

When I first started keeping house, I did the entire washing and ironing myself, but after the family increased to four, I found I could not keep up my housework as it should be done by myself. I hired a laundress for two days each week to do the washing and ironing. This method proved too expensive for a family of moderate means such as ours, so I then tried sending the washing out and doing the ironing myself. I am still doing my ironing in this method. I use an electric hand iron, and it takes me about four or five hours to do my regular weekly ironing. Yours very truly,

Gentlemen: We are a family of seven, the oldest child is 15 years of age. All of the children are in school, and since we are very poor, I do the entire washing and ironing myself. My ironing takes me an entire day, and sometimes my oldest girl helps me finish in the evening after school. I use the old style sadirons which I heat on our gas range. I sprinkle the clothes the night before, and roll them up tightly and put them in the laundry basket. After the children have all gone to school, I start ironing the large flat pieces, and end up with the smaller pieces, which take more time and care, such as ruffled children's dresses, waists, shirts, etc. These are then folded carefully, and in the evening the children pick their own clothes out, and put them away.

I realize that there are more modern and efficient ways of doing one's ironing, but I never felt that I could afford the new appliances. Yours very truly,

Gentlemen: My husband is a man who believes in all modern conveniences for the home, as well as for his office, and consequently I do my ironing with a Simplex Ironer.

There are only three of us in the family, so I have the small kitchen model. I thought at first that this method would not be economic for such a small family, but after trying it for a while, I found that I could not get along without it, and the time and labor that it saves has more than paid for the cost of the ironer. I iron the large pieces, such as tablecloths and sheets, first, and finish with the smaller pieces, such as napkins, handkerchiefs, shirts and collars. I am thoroughly convinced that this is the best method of doing the weekly ironing, as I have tried sending it out to several different laundries, and have also hired laundresses to come into my home and do it, but from now on I shall always do it myself on my Junior Simplex. Very truly yours,

Junior

Probably Conditions in Your Home are Different. These Letters are for Suggestions

Gentlemen: It has always been my custom to have a laundress come in once a week to do my washing and ironing. Inasmuch as there are only two of us in the family, the entire week's washing and ironing can be done in one day. The laundress has the washing finished before noon, and after lunch the smaller and lighter weight pieces are dry enough to be ironed.

In sending clothes to a laundry, there is always the possibility that something will get lost, or mixed with someone else's laundry, so I prefer having the ironing done at home.

I consider a capable laundress the only solution to the washing and ironing problem, as it relieves the housewife of all the work and responsibility.

Yours truly,

Gentlemen: Since I have been keeping house, which is only a matter of a few months, I have done my own washing and ironing. I do not feel that the small amount of washing that we have each week would warrant my hiring a laundress. I have arranged a plan whereby I do the washing in the morning of one day and the ironing the morning of the next day. In this way I do not overtax my strength, and I have the rest of the day for mending, shopping, etc. I use an electric iron. I have often noticed the advertisements regarding the new electrical appliances that are now on the market but, to me, they seem unnecessary in a home where the laundry duties are so light.

Yours truly,

Gentlemen: At the time my children were attending school, I always did my own washing and ironing. In those days I used the old-fashioned irons that had to be heated on the gas range. In later years these irons were replaced by an iron with a hose attachment that could be connected with the gas jet. Still later, the electric iron took the place of the gas iron.

For the last seven or eight years, although there have only been two of us at home, my children all being married and having homes of their own, I have been having my washing and ironing done at the laundry, as I feel I haven't the strength to do it myself. This is the most satisfactory method for my present needs, as everything comes back from the laundry fresh and clean, and neatly folded, and I am saved all that strenuous work. Yours truly,

DISTRICT COURT PROCEEDINGS

Nora Martin Declared by Jury Guilty of Selling Intoxicating Liquor

PAUL DONOHUE CASE NOW ON
Latter is Charged With Taking an Automobile in Superior
July 17

In district court Tuesday afternoon the case of the state against Nora Martin, charged with selling intoxicating liquor, was closed, and given to the jury at about four o'clock. The jury returned a verdict finding the defendant guilty as charged. W. S. Orne was foreman.

John Martin, who plead guilty on Tuesday to a charge of selling intoxicating liquor, was before the court on Wednesday for sentence. He was fined \$200 and sentenced to 60 days with an additional 90 days if default is made in the payment of the fine. A second charge for selling liquor, to which Martin also plead guilty, brought forth a second sentence like the first.

Nora Martin was also sentenced on Wednesday to pay a fine of \$300 with 60 days in jail, and an additional four months in jail if default is made in the payment of the fine.

A second case against Mrs. Martin for the same offense was dismissed on motion of the county attorney.

The case on trial Wednesday afternoon was that of the state against Paul Donohue, charged with the taking of an automobile in Superior on last July 17th. This case was tried at the opening of this term of court, but the jury disagreed, necessitating a retrial.

The jurors drawn on this case are W. Holmes, Charles Mitchell, C. H. Paine, Mrs. W. F. Dieckhaus, G. W. Morcomb, P. B. Anderson, Mrs. William Murray, Zackary Barrett, Fred Grondin, John Vanderwerker, W. E. Phillips and William King.

Remarkable Find

While gathering oysters in Yocomico river, Virginia, A. T. Muir caught with tongs an oyster dish. Engraved on the inside of the dish was a flag of the old Weems line of steamships, blue with a red dot in the center. A natural oyster five inches long and three inches wide had formed on the side of the dish. There were no flaws or cracks in the dish.

They Never Go Astray

Twenty-two million letters were sent to the dead letter office in Washington last year. And there probably wasn't a bill in any of 'em.—Marion Star.

Prayers Before Acting

Before the rising of the curtain on each act of the Chauve-Souris company at the Strand theater, London, every member of the cast crosses himself or herself four times in accordance with the ritual of the Greek church.

Free Will Important

Without free will, civilization would not have moved a peg forward. Be careful how you curb anybody's free will, if he is injuring nobody by it.—Exchange.

A TEST OF YEARS

Is the Experience of This Brainerd Resident

Are you miserable with an aching back? Feel tired, nervous and run down? Do you have daily headaches, dizzy spells and annoying urinary disorders? Then why not take the advice of a Brainerd resident who suffered as you do and found lasting relief by using Doan's Pills—a stimulant diuretic to the kidneys? Here is a Brainerd case that the years haven't changed. Why not profit by it?

Mrs. R. Noakes, 311 9th St. S., says: "My kidneys were disordered. My feet swelled so I couldn't wear my shoes. I also had a tired, depressed feeling but nothing I did helped me until I used Doan's Pills. Four boxes of Doan's cured me." SEVERAL YEARS LATER Mrs. Noakes said: "The cure I received from using Doan's Pills has been permanent."

ANNUAL MEETING OF RED CROSS

Brainerd Chapter Convened at 2 O'clock Thursday Afternoon, February 5

AT CHAMBER COMMERCE

This is a County-Wide Meeting For All Who Belong to Red Cross

The annual meeting of the Brainerd chapter of the American Red Cross will be held on Thursday afternoon, February 5th, at two o'clock, in the Chamber of Commerce parlors. The officers of the chapter wish it understood that this is not only a meeting of the directors, but also a county-wide meeting for all who belong to the Red Cross, and it is hoped that the many members throughout the county will make a special effort to attend.

This will be a very important and a very interesting meeting. The officers will give their annual reports and the 1924 Roll Call chairman will report on that activity. Seven directors will be elected, all for a term of three years.

In addition to this regular business that is connected with the annual meeting, an interesting program has been arranged which will cover the various phases of the Red Cross work that has been accomplished in Crow Wing county the past year. This program is as follows:

The Benefits of the Red Cross Nurse in the Rural Homes—Mrs. Angus Murray.

What the Nurse does for the Rural

Schools—Miss Christine Huseby.
The Red Cross in Time of Disaster—Holman I. Pearl, of Crosby.
How the Red Cross Nurse Assists in the Tuberculosis work of the County—Dr. J. K. Anderson, director Deerwood sanatorium.

Energy is true gasoline, not doped. Next in grade to the highest test aviation gasoline. 125tf

Prophecy

THERE were few who shared the faith of the pioneers who undertook the development of the telephone.

With an infant art to nourish constantly by new discovery and invention, and handicapped by scanty capital and public apathy, they held to their vision of a nation-wide service.

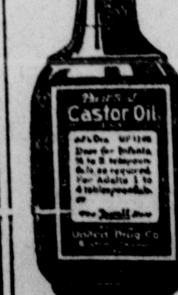

Nearly two score years ago, when the telephones of the United States were fewer than those of a single New York borough today, the business was organized essentially like the Bell System of the present. That is: a central advisory staff, a central scientific organization devoted to development and research, a central department to promote progress in operating technique, a central source of supply of standardized material, local operating companies familiar with local needs, and a national net-work of lines interconnecting these companies.

Telephone pioneers planned this organization structure, believing it necessary for efficient and economical national service. The nation's experience has proved the clearness of their vision.

DISTRICT COURT PROCEEDINGS

Nora Martin Declared by Jury Guilty of Selling Intoxicating Liquor

PAUL DONOHUE CASE NOW ON
Latter is Charged With Taking an Automobile in Superior July 17

In district court Tuesday afternoon the case of the state against Nora Martin, charged with selling intoxicating liquor, was closed, and given to the jury at about four o'clock. The jury returned a verdict finding the defendant guilty as charged. W. S. Orne was foreman.

John Martin, who plead guilty on Tuesday to a charge of selling intoxicating liquor, was before the court on Wednesday for sentence. He was fined \$200 and sentenced to 60 days with an additional 90 days if default is made in the payment of the fine. A second charge for selling liquor, to which Martin also plead guilty, brought forth a second sentence like the first.

Nora Martin was also sentenced on Wednesday to pay a fine of \$300 with 60 days in jail, and an additional four months in jail if default is made in the payment of the fine.

A second case against Mrs. Martin for the same offense was dismissed on motion of the county attorney.

The case on trial Wednesday afternoon was that of the state against Paul Donohue, charged with the taking of an automobile in Superior on last July 17th. This case was tried at the opening of this term of court, but the jury disagreed, necessitating a retrial.

The jurors drawn on this case are W. Holmes, Charles Mitchell, C. H. Paine, Mrs. W. F. Dieckhaus, G. W. Morcomb, P. B. Anderson, Mrs. William Murray, Zackary Barrett, Fred Grondin, John Vanderwerker, W. E. Phillips and William King.

Remarkable Find

While gathering oysters in Yocomico river, Virginia, A. T. Muir caught with tongs an oyster dish. Engraved on the inside of the dish was a flag of the old Weems line of steamships, blue with a red dot in the center. A natural oyster five inches long and three inches wide had formed on the side of the dish. There were no flaws or cracks in the dish.

They Never Go Astray

Twenty-two million letters were sent to the dead letter office in Washington last year. And there probably wasn't a bill in any of 'em.—Marion Star.

CONCERT FRIDAY

Swedish Glee Club And Others to Appear at Swedish Baptist Church

A concert will be held in the Swedish Baptist church Friday evening at which the Swedish Glee club and other talented artists have kindly consented to render their services. Refreshments will be served after the program. The public is invited to enjoy a pleasant evening.

Prayers Before Acting

Before the rising of the curtain on each act of the Chauve-Souris company at the Strand theater, London, every member of the cast crosses himself or herself four times in accordance with the ritual of the Greek church.

Free Will Important

Without free will, civilization would not have moved a peg forward. Be careful how you curb anybody's free will, if he is injuring nobody by it.—Exchange.

A TEST OF YEARS

Is the Experience of This Brainerd Resident

Are you miserable with an aching back? Feel tired, nervous and run down? Do you have daily headaches, dizzy spells and annoying urinary disorders? Then why not take the advice of a Brainerd resident who suffered as you do and found lasting relief by using Doan's Pills—a stimulant diuretic to the kidneys? Here is a Brainerd case that the years haven't changed. Why not profit by it?

Mrs. R. Noakes, 311 9th St. S., says: "My kidneys were disordered. My feet swelled so I couldn't wear my shoes. I also had a tired, depressed feeling but nothing I did helped me until I used Doan's Pills. Four boxes of Doan's cured me." SEVERAL YEARS LATER Mrs. Noakes said: "The cure I received from using Doan's Pills has been permanent."

ANNUAL MEETING OF RED CROSS

Brainerd Chapter Convened at 2 O'clock Thursday Afternoon, February 5

AT CHAMBER COMMERCE

This is a County-Wide Meeting For All Who Belong to Red Cross

The annual meeting of the Brainerd chapter of the American Red Cross will be held on Thursday afternoon, February 5th, at two o'clock, in the Chamber of Commerce parlors. The officers of the chapter wish it understood that this is not only a meeting of the directors, but also a county-wide meeting for all who belong to the Red Cross, and it is hoped that the many members throughout the county will make a special effort to attend.

This will be a very important and a very interesting meeting. The officers will give their annual reports and the 1924 Roll Call chairman will report on that activity. Seven directors will be elected, all for a term of three years.

In addition to this regular business that is connected with the annual meeting, an interesting program has been arranged which will cover the various phases of the Red Cross work that has been accomplished in Crow Wing county the past year. This program is as follows:

The Benefits of the Red Cross Nurse in the Rural Homes—Mrs. Angus Murray.
What the Nurse does for the Rural

Schools—Miss Christine Huseby.
The Red Cross in Time of Disaster—Holman I. Pearl, of Crosby.
How the Red Cross Nurse Assists in the Tuberculosis work of the County—Dr. J. K. Anderson, director, Deerwood sanatorium.

7 STATES REPORT HEARING PROGRAM

Minnesota, Wyoming, Montana,
Michigan, Illinois, Wisconsin
and Iowa Congratulate

BRAINERD IS ADVERTISED

Every Angle of Brainerd's Advan-
tages Extolled and Message Put
Across in Enduring Fashion

Brainerd Night program, broad-
casted on air by Gold Medal Station
WCCO, of Minneapolis-St. Paul, has
now received congratulations from
seven states, Minnesota, Wyoming,
Montana, Michigan, Illinois, Wiscon-
sin and Iowa. True, it was heard
all over the United States and Can-
ada and other states may report af-
ter the seven named.

After two days' publications of
letters, cards and telegrams in The
Dispatch, the flow still continues and
includes these:

Bozeman, Montana

As an old time Brainerdite, my-
self and family were glad to hear
voices and music of old friends over
the air from WCCO last Friday even-
ing. We appreciated the program
and hope they will do it again. Sig-
ned H. L. Casey, Story Building, Boze-
man, Montana. Note—Mr. Casey is
connected with the Aetna Life Insur-
ance, having the agency in Boze-
man.

Two Harbors, Minn.

I wish to add my congratulations
to the many I know you are receiv-
ing for the very enjoyable concert
that was broadcasted by Brainerd
artists last Friday night.

Many of the names were familiar
to me, as I am a Brainerd girl and
my mother, Mrs. J. L. Nelson, still
lives there, therefore the concert
was a great pleasure indeed and I
sincerely hope to hear another again
soon. Signed Mrs. Ralph Collins,
Two Harbors, Minn.

Liked Program Very Much

Enjoyed your radio program very
much. There seems to be a lot of
talent in Brainerd. Regards to P. J.
Oberst. Signed Wm. F. Weiss, 501
Capitol Boulevard, St. Paul. Note—
Mr. Weiss at one time lived in Crosby
where he conducted a theatre.

Iron Mountain, Michigan

For the benefit of the Brainerd
artists rendering the splendid radio
program broadcasted from Gold Med-
al Station, WCCO, Minneapolis-St.
Paul, Friday, January 30, I wish to
say that every number on the pro-
gram was doubly enjoyed by us.
Since the sound of the familiar voices
gave us that close-to-home feeling
which is a boon to such wayfarers
as we.

While atmospheric conditions in
this locality were somewhat unfavor-
able, owing to a heavy fog during
the early part of the evening, all of
the numbers came sufficiently clear
to be very enjoyable. And we hope
to hear from you all again soon.
Signed Mr. and Mrs. Harry Anderson,
West Breitung Ave., Iron Mountain,
Michigan.

Ackley, Iowa

We enjoyed the Brainerd Night
program. It was like a visit back
to the old home town. Signed Mr.
and Mrs. V. E. Kachelhoffer.

Received Loud and Clear

The wonderful program given by
the Brainerd people over the WCCO
radio broadcasting station of Minne-
apolis on Friday, January 30, was re-
ceived very loud and clear over my
loud speaker and enjoyed to the ut-
most.

It certainly did justice to Brainerd
and showed that the town of
Brainerd is a very progressive, up to
date, and social place to live, visit
and enjoy. We enjoyed the fine in-
teresting talks given by different
members on the program. I espe-
cially want to mention the clear tone
artist, Miss Cora Rickard, contralto,
who sang her numbers wonderfully.
Mother and I who have never heard
her sing over the radio enjoyed her
voice very much because it was real-
ly beautiful. The whole program
from start to finish was a wonderful
success. It will be interesting to
read all the letters of comment on
the program and I would like very
much to have an issue when pub-
lished. Kindly send me one and
oblige.

I have been in Brainerd about 10

years ago, but I can see that since
that time it has forged ahead in
many ways and is a real live place
for tourists to stop at, while enroute.
Signed Charles F. Karnofsky, 1823
Bryant Ave. North, Minneapolis.

Has Two Tube Set

The Brainerd program broadcasted
Friday night from WCCO station was
received by Albert Englund at his
home in Brainerd and was enjoyed
by a group of friends. The receiver
is a two tube Neutregoflex and was

connected to a phonograph. With
the exception of a few disturbances
the program was well received, con-
sidering the number that were tun-
ing in and also the size of the re-
ceiver.

The speakers were heard very dis-
tinctly and the music and orchestra
were fine. Brainerd owes much to
the participants in this program, as
every number was put on in a cred-
itable manner. Signed Albert Eng-
lund, City.

Praises Program, Acquainted in Brainerd

A. H. Wales and wife and daugh-
ter, also Mrs. O. H. Reynolds had the
pleasure of being listeners to the
splendid program put on the air last
Friday evening by Brainerd talent at
Minneapolis WCCO station. Brainerd
can well be proud of each and
every one. WCCO should certainly
be pleased to obtain such splendid
talent.

Writing further, Mrs. Wales says:
I would like you to know who Mrs.
Reynolds is. Mr. Reynolds was chief
draftsman at Brainerd for the North-
ern Pacific railway in the early
eighties. Some of the oldest resi-
dents will remember her. Mrs. Rey-
nolds is my sister. Since the pass-
ing away of Mr. Reynolds at New
York City October, 1922, she has
made her home with me.

I also spent the year 1885 in
Brainerd with her when I was a
young girl, not a lady, but a girl.
Mr. Wales is an engineer for the
Northern Pacific and has a run on
Nos. 3 and 4 from St. Paul to Staples.
Signed Mrs. A. R. Wales, 805 Fif-
teenth Ave. North, Minneapolis.

Likes Town and Lakes

We enjoyed listening to the Brainerd
program Friday night. We are
coming to Brainerd again this sum-
mer. We like your city and your
lakes and woods. Signed P. J. Mal-
kerson, Minneapolis.

Liked Program

We enjoyed Brainerd Night over
radio station WCCO and were very
glad to hear of the wonders and
beauties of my home town, also the
lakes, parks, and enjoyed the trios,
solos, music and speeches, and to me
it seemed like a visit at home. How
pleasant it seemed to hear voices
that we knew, and hope to hear you
on the air again. Signed Mrs. B.
Wyrzkowski and family, 2304 33rd
Ave. South, Minneapolis.

OVER 2,000

SCHOOL PUPILS

Supt. W. C. Cobb Makes Report at
Meeting of Board of
Education

JANUARY ATTENDANCE 97 PCT.

Average Daily Attendance in Brainerd
Schools is 1,943
Scholars

Superintendent W. C. Cobb, of the
Brainerd public schools, submitted a
very interesting report of local school
conditions, to the board of education
at its regular meeting on Monday
night. It is felt that this report is
of such importance that it is pub-
lished herewith:

At the present time there are a
trifle more than 2,000 pupils belong-
ing to the Brainerd schools, and the
per cent of attendance for the month
of January was almost 97 per cent,
with an average daily attendance of
1,943.

Since the last report to the board,
which was for the month of Decem-
ber, 18 new pupils have been enroll-
ed in the schools, which brings the
total enrollment since the beginning
of the year up to 2,141. If the plan
of last year is again carried out, of
admitting pupils who will be six
years old before the end of the school
year, into primary rooms about
March 1st, the total enrollment will
be brought up to a figure about the
same as that of last year.

Since the last meeting of the Board
of Education, Miss Myrtle Olson, one
of the upper grade teachers, has been
compelled to tender her resignation
as a result of two deaths in her
family, which make it necessary for
her to be at home for the remainder
of the year. Her place has been filled
by the teachers committee and the
superintendent, with a Miss Lottie
S. Krostue, an advanced graduate of
the Moorhead normal school with five
years of teaching experience.

At the close of the first half year
of school, January 16th, at which
time credits for a half year are given
to all pupils in the high school, I re-
quested Miss Tornstrom and Miss O-

Brien to give me a summary of the
records of the four classes on the
basis of per cent of failures and per
cent of passing in all their subjects.

The results of this report are sum-
marized as follows: In the Senior
class there are one and one half per
cent of failures in one or more sub-
jects and 98 1/2 per cent passing in
all subjects, or in concrete terms less
than two pupils or one and one-
eighth pupils out of a total of 75.

In the Junior class, numbering 90
students, 7 per cent failed in one or
more subjects and 93 per cent pass-
ed, or about six pupils failed in some
subject and 84 did not fail in any
subject.

In the Sophomore class on the
same basis, there were 10 1/2 per cent
of failures in a class of 125, or 13
pupils in all; 112 pupils who did not
fail in any subject.

In the Freshman class of 150 mem-
bers, there were 14 per cent with
failures, 86 per cent passing, or 21
pupils failed and 129 pupils passed
in every subject.

A summary for the entire high
school of 440 pupils, taking the mid-
year examinations, 9 per cent of the
entire number failed in some subject
and 91 per cent passed in all sub-
jects, or 41 pupils failed and 399
passed.

The record for the entire school
would indicate that there were fewer
failures than in the Minneapolis high
schools as a whole and the summary
indicates a progressive decrease in
failures from the freshman to the
senior year.

A similar summary of the record
of the passes and failures in the
grades will be presented in a sub-
sequent report.

The improvements made in the
seating in the gymnasium and the ex-
pense incurred have been fully just-
ified in the increased attendance and
door receipts as well as in added com-
fort on the part of the visitors and
the comfort and safety in handling
the crowds.

President Coffman of the state uni-
versity has accepted the invitation to
deliver the commencement address at
the graduation exercises of the local
high school on May 29th.

Superintendent Cobb recommended
that the primary classes be author-
ized for opening in March along lines
similar to those in force last year.

FATHER DIED

Fred Cheney Returns From Oakland,
Calif., Where He Attended
Funeral

Fred Cheney returned Sunday
morning from Oakland, California,
where he was called because of the
death of his father. The following
account is taken from the Oakland
paper:

Cheney—In Oakland, January 9th,
1925, Gerry W. Cheney, beloved hus-
band of Esther Cheney and father of
Mrs. Mae Mettler, Mrs. Iva Fry and
Lee Cheney, of Oakland, Fred
Cheney of Brainerd, Minnesota, Rol-
lie, Orville and Bruce Cheney of
Cedar Falls, Iowa, and grandfather
of Mrs. Vera I. Bates and Dorothy
Fry of Oakland. A native of Iowa,
aged 78 years. A member of Appo-
mattox Post, G. A. R.

Friends are invited to attend the
funeral services on Thursday, Jan-
uary 15th, at one o'clock at Tru-
man's residence chapel, Telegraph
avenue, Oakland, under the auspices
of Appomattox post.

"FOR THEIR CHILDREN'S SAKE"

Will Display Some of Most Gorgeous
Costumes Witnessed in
Brainerd

CURTAIN RISES AT 8:30 P. M.

Music For Home Talent Play is Be-
ing Furnished by the Hedstrom
Orchestra

When the curtain goes up at 8:30
tonight at the Park theatre, in "For
Their Children's Sake," it will bring
forth a display of some of the most
gorgeous costumes ever witnessed in
Brainerd. Dresses worn by the ladies
are up-to-date, a delight to the dis-
criminating. The costumes are be-
ing furnished by the O'Brien Mercan-
tile Co., the John M. Bye Clothing
Co., and H. F. Michael Co., while the
hats worn by the ladies are from
Mrs. Krachner's millinery. The stage
effects will be enhanced by furniture
from Fitzsimmons & Sons.

Music for this home talent play is
being furnished by Hedstrom's or-
chestra. Direct from their radio
engagement at the WCCO Brainerd
program, they will bring to the audi-
ence tonight and tomorrow night the
very latest of their repertoire, add-
ing still another touch to the claim
that no dull moment will be experi-
enced in tonight's performance.

A few seats remain for the per-
formance. Those desiring them are
urged to come early to avoid disap-
pointment. The children's tickets
will be sold at the door, beginning at
7:45 o'clock. The curtain rises at
8:30 o'clock.

Clara Lutheran Church

The ladies aid of Clara Lutheran
church will be entertained tomorrow
afternoon (Thursday) in the church
parlors at 2:30 o'clock by Mrs. Han-
nah Moigren and Mrs. E. W. Mol-
gren.

Swedish Baptist Church

The prayer meeting Thursday eve-
ning at the Swedish Baptist church
will be at the home of Mrs. Nyquist
1309 Oak street. Neighbors are wel-
come to be there. The pastor will
lead.

Past Matrons Club

The regular meeting of the Past
Matrons club was held yesterday af-
ternoon in the Masonic parlors. Ar-
rangements were made to hold a card
party on February 27. After the
regular business meeting the time
was spent in hemming new table
linens. Mrs. Minnie Nichols and
Mrs. Golemboske served refreshments.

Missionary Society

The Women's Home and Foreign
Missionary society of the Methodist
church will meet Thursday, Feb. 5
at 2 o'clock in the church basement.
All members are urged to be present
and visitors are welcome.

7 STATES REPORT HEARING PROGRAM

Minnesota, Wyoming, Montana,
Michigan, Illinois, Wisconsin
and Iowa Congratulations

BRAINERD IS ADVERTISED

Every Angle of Brainerd's Advan-
tages Extolled and Message Put
Across in Enduring Fashion

Brainerd Night program, broad-
casted on air by Gold Medal Station
WCCO, of Minneapolis-St. Paul, has
now received congratulations from
seven states, Minnesota, Wyoming,
Montana, Michigan, Illinois, Wiscon-
sin and Iowa. True, it was heard
all over the United States and Can-
ada and other states may report af-
ter the seven named.

After two days' publications of
letters, cards and telegrams in The
Dispatch, the flow-still continues and
includes these:

Bozeman, Montana

As an old time Brainerdite, my-
self and family were glad to hear
voices and music of old friends over
the air from WCCO last Friday even-
ing. We appreciated the program and
hope they will do it again. Signed
H. L. Casey, Story Building, Boze-
man, Montana. Note—Mr. Casey is
connected with the Aetna Life In-
surance, having the agency in Boze-
man.

Two Harbors, Minn.

I wish to add my congratulations
to the many I know you are receiv-
ing for the very enjoyable concert
that was broadcasted by Brainerd
artists last Friday night.

Many of the names were familiar
to me, as I am a Brainerd girl and
my mother, Mrs. J. L. Nelson, still
lives there, therefore the concert
was a great pleasure indeed and I
sincerely hope to hear another again
soon. Signed Mrs. Ralph Collins,
Two Harbors, Minn.

Liked Program Very Much

Enjoyed your radio program very
much. There seems to be a lot of
talent in Brainerd. Regards to P. J.
Oberst. Signed Wm. F. Weiss, 501
Capitol Boulevard, St. Paul. Note—
Mr. Weiss at one time lived in Cros-
by where he conducted a theatre.

Iron Mountain, Michigan

For the benefit of the Brainerd
artists rendering the splendid radio
program broadcasted from Gold Med-
al Station, WCCO, Minneapolis-St.
Paul, Friday, January 30, I wish to
say that every number on the pro-
gram was doubly enjoyed by us.
Since the sound of the familiar voices
gave us that close-to-home feeling
which is a boon to such wayfarers
as we.

While atmospheric conditions in
this locality were somewhat unfavor-
able, owing to a heavy fog during
the early part of the evening, all of
the numbers came sufficiently clear
to be very enjoyable. And we hope
to hear from you all again soon.
Signed Mr. and Mrs. Harry Anderson,
West Breitung Ave., Iron Mountain,
Michigan.

Ackley, Iowa

We enjoyed the Brainerd Night
program. It was like a visit back
to the old home town. Signed Mr.
and Mrs. V. E. Kachelhoffer.

Received Loud and Clear

The wonderful program given by
the Brainerd people over the WCCO
radio broadcasting station of Minne-
apolis on Friday, January 30, was re-
ceived very loud and clear over my
loud speaker and enjoyed to the ut-
most.

It certainly did justice to Brain-
erd and showed that the town of
Brainerd is a very progressive, up to
date, and social place to live, visit
and enjoy. We enjoyed the fine in-
teresting talks given by different
members on the program. I espe-
cially want to mention the clear tone
artist, Miss Cora Rickard, contralto,
who sang her numbers wonderfully.
Mother and I who have never heard
her sing over the radio enjoyed her
voice very much because it was real-
ly beautiful. The whole program
from start to finish was a wonderful
success. It will be interesting to
read all the letters of comment on
the program and I would like very
much to have an issue when pub-
lished. Kindly send me one and
oblige.

I have been in Brainerd about 10
years ago, but I can see that since
that time it has forged ahead in
many ways and is a real live place
for tourists to stop at, while enroute.
Signed Charles F. Karnofsky, 1823
Bryant Ave. North, Minneapolis.

Has Two Tube Set

The Brainerd program broadcasted
Friday night from WCCO station was
received by Albert Englund at his
home in Brainerd and was enjoyed
by a group of friends. The receiver
is a two tube Neutregoflex and was

connected to a phonograph. With
the exception of a few disturbances
the program was well received, con-
sidering the number that were tun-
ing in and also the size of the re-
ceiver.

The speakers were heard very dis-
tinctly and the music and orchestra
were fine. Brainerd owes much to
the participants in this program, as
every number was put on in a cred-
itable manner. Signed Albert Eng-
lund, City.

Praises Program, Acquainted in Brainerd

A. H. Wales and wife and daugh-
ter, also Mrs. O. H. Reynolds had the
pleasure of being listeners to the
splendid program put on the air last
Friday evening by Brainerd talent at
Minneapolis WCCO station. Brain-
erd can well be proud of each and
every one. WCCO should certainly
be pleased to obtain such splendid
talent.

Writing further, Mrs. Wales says:
I would like you to know who Mrs.
Reynolds is. Mr. Reynolds was chief
draftsman at Brainerd for the North-
ern Pacific railway in the early
eighties. Some of the oldest resi-
dents will remember her. Mrs. Rey-
nolds is my sister. Since the pass-
ing away of Mr. Reynolds at New
York City October, 1922, she has
made her home with me.

I also spent the year 1885 in
Brainerd with her when I was a
young girl, not a lady, but a girl.
Mr. Wales is an engineer for the
Northern Pacific and has a run on
Nos. 3 and 4 from St. Paul to Staples.
Signed Mrs. A. R. Wales, 805 Fif-
teenth Ave. North, Minneapolis.

Likes Town and Lakes

We enjoyed listening to the Brain-
erd program Friday night. We are
coming to Brainerd again this sum-
mer. We like your city and your
lakes and woods. Signed P. J. Mal-
kerson, Minneapolis.

Liked Program

We enjoyed Brainerd Night over
radio station WCCO and were very
glad to hear of the wonders and
beauties of my home town, also the
lakes, parks, and enjoyed the trios,
solos, music and speeches, and to me
it seemed like a visit at home. How
pleasant it seemed to hear voices
that we knew, and hope to hear you
on the air again. Signed Mrs. B.
Wyrzkowski and family, 2304 33rd
Ave. South, Minneapolis.

OVER 2,000 SCHOOL PUPILS

Supt. W. C. Cobb Makes Report at
Meeting of Board of
Education

JANUARY ATTENDANCE 97 PCT.

Average Daily Attendance in Brain-
erd Schools is 1,943
Scholars

Superintendent W. C. Cobb, of the
Brainerd public schools, submitted a
very interesting report of local school
conditions, to the board of education
at its regular meeting on Monday
night. It is felt that this report is
of such importance that it is pub-
lished herewith:

At the present time there are a
trifle more than 2,000 pupils belong-
ing to the Brainerd schools, and the
per cent of attendance for the month
of January was almost 97 per cent,
with an average daily attendance of
1,943.

Since the last report to the board,
which was for the month of Decem-
ber, 18 new pupils have been enroll-
ed in the schools, which brings the
total enrollment since the beginning
of the year up to 2,141. If the plan
of last year is again carried out, of
admitting pupils who will be six
years old before the end of the school
year, into primary rooms about
March 1st, the total enrollment will
be brought up to a figure about the
same as that of last year.

Since the last meeting of the Board
of Education, Miss Myrtle Olson, one
of the upper grade teachers, has been
compelled to tender her resignation
as a result of two deaths in her
family, which make it necessary for
her to be at home for the remainder
of the year. Her place has been fill-
ed by the teachers committee and the
superintendent, with a Miss Lottie
S. Krostue, an advanced graduate of
the Moorhead normal school with five
years of teaching experience.

At the close of the first half year
of school, January 16th, at which
time credits for a half year are given
to all pupils in the high school, I re-
quested Miss Tornstrom and Miss O-

Brien to give me a summary of the
records of the four classes on the
basis of per cent of failures and per
cent of passing in all their subjects.

The results of this report are sum-
marized as follows: In the Senior
class there are one and one half per
cent of failures in one or more sub-
jects and 98 1/2 per cent passing in
all subjects, or in concrete terms less
than two pupils or one and one-
eighth pupils out of a total of 75.

In the Junior class, numbering 90
students, 7 per cent failed in one or
more subjects and 93 per cent pass-
ed, or about six pupils failed in some
subject and 84 did not fail in any
subject.

In the Sophomore class on the
same basis, there were 10 1/2 per cent
of failures in a class of 125, or 13
pupils in all; 112 pupils who did not
fail in any subject.

In the Freshman class of 150 mem-
bers, there were 14 per cent with
failures, 86 per cent passing, or 21
pupils failed and 129 pupils passed
in every subject.

A summary for the entire high
school of 440 pupils, taking the mid
year examinations, 9 per cent of the
entire number failed in some subject
and 91 per cent passed in all sub-
jects, or 41 pupils failed and 399
passed.

The record for the entire school
would indicate that there were fewer
failures than in the Minneapolis high
schools as a whole and the summary
indicates a progressive decrease in
failures from the freshman to the
senior year.

A similar summary of the record
of the passes and failures in the
grades will be presented in a sub-
sequent report.

The improvements made in the
seating in the gymnasium and the ex-
pense incurred have been fully just-
ified in the increased attendance and
door receipts as well as in added com-
fort on the part of the visitors and
the comfort and safety in handling
the crowds.

President Coffman of the state uni-
versity has accepted the invitation to
deliver the commencement address at
the graduation exercises of the local
high school on May 29th.

Superintendent Cobb recommended
that the primary classes be authoriz-
ed for opening in March along lines
similar to those in force last year.

FATHER DIED

Fred Cheney Returns From Oakland,
Calif., Where He Attended
Funeral

Fred Cheney returned Sunday
morning from Oakland, California,
where he was called because of the
death of his father. The following
account is taken from the Oakland
paper:

Cheney—In Oakland, January 9th,
1925, Gerry W. Cheney, beloved hus-
band of Esther Cheney and father of
Mrs. Mae Mettler, Mrs. Iva Fry and
Lee Cheney, of Oakland, Fred
Cheney of Brainerd, Minnesota, Rol-
lie, Orville and Bruce Cheney of
Cedar Falls, Iowa, and grandfather
of Mrs. Vera I. Bates and Dorothy
Fry of Oakland. A native of Iowa,
aged 78 years. A member of Appom-
attox Post, G. A. R.

Friends are invited to attend the
funeral services on Thursday, Janu-
ary 15th, at one o'clock at Tru-
man's residence chapel, Telegraph
avenue, Oakland, under the auspices
of Appomattox post.

HUGGINS COUNTS ON SHOCKER TO WIN

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Feb. 4.—New York's chances in the approaching American League pennant race depend largely upon the gamble the Yankee owners made in getting Urban Shocker back from the St. Louis Browns.

George Sisler and the owners of the St. Louis club insist that they got all the better of the deal when they secured Joe Bush, Gaston and another rookie pitcher from the Yankees in exchange for Shocker.

They contend that Bush has just as much good pitching in him as Shocker; that Bush will be more contented in St. Louis than Shocker was and that he will be invaluable as a utility outfielder and a pinch-hitter. Gaston they figure, is one of the most promising young pitchers in the American League.

New York officials, although the fans are not unanimously in agreement with them, contend that Shocker will strengthen the team and that the Yankees did not have to weaken another department to get a badly needed pitcher with experience.

Shocker is expected to win twenty games or more for the Yankees and most any trade that could bring with it the promise of twenty games is not considered by the Yankees as a dangerous gamble.

Col. Jake Ruppert, owner of the former American League champions, believes that Shocker will win at least twenty games and that many of his victories will be turned in against the pennant-contending clubs.

"For years," Ruppert said, "I have considered Shocker to be the greatest pitcher in the American League. He has done valuable work with a team that has been only fair. We all know what it is to play for years through the sweltering hot summers in St. Louis."

Shocker is regarded by Ruppert as the greatest money pitcher in baseball. "I'd like to have him in the box if we were playing for the Yankee Stadium. He's that good when the most depends upon him."

Some New York fans, who are not fond of Miller Huggins, said that the Browns sneaked up from behind and clipped him when they put over the deal. Bush was very popular here and they figured that he had just as much good baseball left in him as Shocker had and that he is a much better team-player than the temperamental Shocker.

CHAMPION MAY MEET GIBBONS EARLY IN JUNE

FIGHT TO BE STAGED IN YANKEE STADIUM, NEW YORK, JUNE 2 OR 5

WINNER OF THE BOUT IS TO MEET HARRY WILLS IN SEPTEMBER

By HENRY L. FARRELL
(United Press Staff Correspondent)

New York, Feb. 4.—Jack Dempsey, world's heavyweight champion, is expected to make terms for a return bout with Tommy Gibbons for the title here in June.

"How can he turn down a half million?" Rickard, who has reached an agreement with Gibbons, said today. "Dempsey wants 50 per cent of the gate receipts and maybe I'll give it to him. He ought to get a half million out of it anyway."

Rickard insists that Dempsey has been talking for effect when hinting he might retire without another fight. "More than a month ago," he said, "I got a telegram from Jack Kearns, asking me on what dates I could use the champion. I had to tell him then that I didn't know."

Rickard's present plans are to put Dempsey and Gibbons into the Yankee stadium on June 2 or June 5 and match the winner with Harry Wills for a date in early September.

He has Wills under contract now and he also has had Gibbons under option so that all he had to do was to find an opponent and agree on a date with him.

While the terms of the agreement were not made known it was reported that Gibbons had been offered \$150,000 for his end.

Rickard feels that the card will draw a million dollars and that he will be able to make a nice piece out of it for himself.

Unless he has seriously made up his mind to get out of the business, Dempsey will accept the offer and unless he has more dough than he knows what to do with he will jump at it.

Dempsey said after the fight in Shelby, when he got all the money in Montana and Gibbons got the thanks of the community, that he would give Gibbons another chance at the title and another opportunity to make some real money.

While there are many critics who believe that Gibbons has an excellent chance to win the championship when they meet again, Dempsey feels certain that it will not be a hard fight for him and that it will serve to get him into real condition for the final fight of his career against Harry Wills.

ST. GODDARD NOW 22 MILES AHEAD

The Pas, Man., Feb. 4.—Emil St. Goddard was 22 miles ahead of his nearest competitor in the Pas dog derby at mile 70 which he passed at 11:10 a. m. today. He was averaging 7 miles an hour and from this it was judged he would reach the finish line at 8 o'clock tonight.

W. A. Mahoney, the runnerup, was last reported past mile 81 with Hi Johnson, Moxley and Dupas trailing in the order named.

Take Time for Study

There can be no study without time, and the mind must abide and dwell upon things or be always a stranger to the inside of them.

PAS RACE TRAIL IS LOW AND VERY HARD ON DOGS

EMIL ST. GODDARD IN THE LEAD, PASSED MILE 81 AT 9:11 P. M. LAST NIGHT

HI JOHNSON AND W. A. MAHONEY FOLLOWED FAR BEHIND

(By United Press)

The Pas, Man., Feb. 4.—Emil St. Goddard, driving a team for J. Bacon, The Pas, was still in the lead in the Pas eighth annual dog derby, so far as could be determined early today. He was far ahead at mile 81 where the race course left the Hudson Bay railroad and struck off over the government road to Herb Lake. St. Goddard passed that point at 9:11 last night.

Hi Johnson and W. A. Mahoney were on the trail of St. Goddard, but last night were far behind. R. E. Moxley, The Pas, was fourth, and Theodore Dupas fifth.

The racers found the trail slow and rather hard on the dogs. They speeded up a bit on the dash around Herb Lake to Hone's Island, the turning point, finding the woods trail easier than the railroad right-of-way which they left at mile 81.

With continuing good luck the race will probably be over the finish line late this evening.

ST. GODDARD STILL LEADS IN HOME STRETCH

The Pas, Man., Feb. 4.—Turning into the home stretch along the Hudson Bay railroad, the team of Emil St. Goddard owned by J. Bacon, The Pas, was still leading in the Pas dog derby early today.

Over the 100-mile trek to Hone's Island St. Goddard averaged a fraction over 8 miles an hour. His team appeared to be getting over the ground without running themselves out. Excitement prevailed and the finish was anticipated.

There are many wagers that St. Goddard will win. Wagers that the race would finish in from 25 to 30 hours were made. The teams left here at 10 a. m. yesterday.

BAIT TO AID SUMMER TOURISTS AND MINNESOTA FISHERMEN

A bill providing for an anglerworm hatchery for the benefit of Minnesota fishermen and summer tourists is being urged for presentation to the state legislature.

The bill, calling for an appropriation of \$20,000 with which to purchase anglerworm incubators and start the farm is said to be now in the hands of Representative Otto Newman of Wheaton, who has been selected to introduce it into the house. Representative Newman has not acted yet.

Advantages to Minnesota of an anglerwormery are daily being urged upon the legislators by a lobby said to be headed by Bob Forrest, Lake Wilson publisher. If there is one thing Minnesota really needs right now more than anything else in the world, the lobbyists declare, it is an anglerworm hatchery.

"For what's the use of having all these fish hatcheries," they demand, "if we let the noble race of anglerworms, so essential to catching fish, die out?"

Prevalence of inside plumbing and lack of precipitation in Minnesota, the lobbyists say, are rapidly bringing about the extermination of anglerworms.

Gone are the days when the wash basin, with a bucket of water and big tin dipper, stood on a bench on the back stoop, the contents of the basin being periodically thrown out upon the ground, providing manna for the anglerworms. Even the dishwasher goes down the sink nowadays. As a result, the rate of infant mortality among Twin City anglerworms is said to have mounted to 95.6 per cent.

And even in the rural districts, where inside plumbing is not quite so prevalent, the abnormal lack of precipitation in the last few years has worked terrible hardship on the anglerworms, according to the lobbyists.

Also anglerworms, it is said, do not thrive so well on the kind of soap that is being used nowadays. It is too mild. What they require is the good old home-made, 100 per cent lye product. Soaps "that float" are said to provide an excellent diet for anglerworms that really ought to reduce, but the race does not thrive on them.

Taxpayers who are about to gasp over the effect of a \$20,000 appropriation for an anglerworm hatchery on Governor Christianson's budget may calm themselves right now, the lobbyists declare. By charging tourists 60 cents a bunch for nice, fat, juicy worms, the wormery could soon be made to pay for itself, they believe. —Minneapolis Tribune.

Uhle and Luque

Two of the biggest disappointments of the recent baseball season were Uhle of Cleveland, and Luque of Cincinnati. Right up with the leading hurriers in 1923, the Indian and the Red enjoyed anything but successful campaigns last year. Critics expect them to get back into their real form again this season.

Still After Record

DeHart Hubbard of the University of Michigan is still on the trail of the running broad jump mark. Hubbard on several occasions has leaped over 25 feet and hopes to better the present record of 25 feet 6 inches, made by Legendre at the Olympic games last summer. Hubbard is a senior and this will be his last season of collegiate competition.

Chicago, Feb. 4.—Max Flack, outfielder with the St. Louis Cardinals, has applied for reinstatement with Commissioner Landis. Flack has been farmed out to Oakland of the Coast league, but refused to report and was suspended.

Rich Bachelor Wants Wife

"Many people have blamed me for not getting married. Since childhood I have suffered from stomach and liver trouble, never being able to get any medicine or doctor to help me. Now that Mayr's Wonderful Remedy has entirely cured me, I am anxious to get a wife." It is a simple, harmless preparation, that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and Economy Drug Co. and druggists everywhere.—Advt.

With the Oldtimers

Culver City, Calif., Feb. 4.—Tommy Ryan, famous welterweight and middleweight of 23 years ago, is living here in one of the prettiest homes of a city of beautiful ones. Tommy saved his money when he was getting it and invested it in real estate. He is now a wealthy man. He is 55 years of age and doesn't look more than forty.

ITALIAN WALKER WILL REMAIN IN AMERICA

New York, Feb. 4.—Ugo Frigerio, Olympic walking champ and pride of Italy, has announced that he will remain in this country until March 7. He will participate in several meets and will try to erase the black mark's on his record made by Willie Plant, of the Morningside A. C., who has defeated Ugo twice.

Frigerio will race three times this week, entering the Western Union games Tuesday night, Newark A. C. meet Wednesday and the contests Saturday conducted by the Wilco A. A.

USE FOR SALE ADS FOR RESULTS

Willie Plant, Morningside A. C., America's champion walker, defeated Ugo Frigerio of Italy, Olympic champion, for the third successive time, but the Italian won immense applause when he outwalked Phil Granville of Canada for second place in the 5,000-meter event.

Plant established a new world record of 21 minutes 59 3-5 seconds, a record for both indoor and outdoor. The previous indoor time was 22:06 3-5, made by Plant himself, and the outdoor was 21:59 8-10, made by Rasmussen, of Denmark.

Jole Ray, of the Illinois A. C., taking the lead at the eighth lap, captured the golden victory mile in 4:34.4, a fifth of a second behind Paavo Nurmi's record.

Willie Ritola, of the Finnish-American A. C., brought the crowd to its feet in the 5,000-meter run for the Schiff trophy, in which he lapped John Bell, of Syracuse university, three times and Gunnar Nilsson, twice, to make a new world record indoor mark of 14 minutes 31 seconds. The old time, which he held himself, was 14:29 2-5.

Vernon Ascher of Georgetown, won the 500-yard invitation, first feature race of the Western Union A. A. games at Madison Square Garden last night. Ascher's time was 60 1-5 seconds.—Duluth News Tribune.

OUCH! BACKACHE! RUB LUMBAGO OR STIFFNESS AWAY

St. Jacobs Oil stops any pain, so when your back is sore and lame, or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest St. Jacobs Oil at any drug store pour a little in your hand and rub it right on your aching back; and by the time you count fifty the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless, and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!

HUGGINS COUNTS ON SHOCKER TO WIN

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Feb. 4.—New York's chances in the approaching American League pennant race depend largely upon the gamble the Yankee owners made in getting Urban Shocker back from the St. Louis Browns.

George Sisler and the owners of the St. Louis club insist that they got all the better of the deal when they secured Joe Bush, Gaston and another rookie pitcher from the Yankees in exchange for Shocker.

They contend that Bush has just as much good pitching in him as Shocker; that Bush will be more contented in St. Louis than Shocker was and that he will be invaluable as a utility outfielder and a pinch-hitter. Gaston, they figure, is one of the most promising young pitchers in the American League.

New York officials, although the fans are not unanimously in agreement with them, contend that Shocker will strengthen the team and that the Yankees did not have to weaken another department to get a badly needed pitcher with experience.

Shocker is expected to win twenty games or more for the Yankees and most any trade that could bring with it the promise of twenty games is not considered by the Yankees as a dangerous gamble.

Col. Jake Ruppert, owner of the former American League champions, believes that Shocker will win at least twenty games and that many of his victories will be turned in against the pennant-contending clubs.

"For years," Ruppert said, "I have considered Shocker to be the greatest pitcher in the American League. He has done valuable work with a team that has been only fair. We all know what it is to play for years through the sweltering hot summers in St. Louis."

Shocker is regarded by Ruppert as the greatest money pitcher in baseball. "I'd like to have him in the box if we were playing for the Yankee Stadium. He's that good when the most depends upon him."

Some New York fans, who are not fond of Miller Huggins, said that the Browns sneaked up from behind and clipped him when they put over the deal. Bush was very popular here and they figured that he had just as much good baseball left in him as Shocker has and that he is a much better team-player than the temperamental Shocker.

CHAMPION MAY MEET GIBBONS EARLY IN JUNE

FIGHT TO BE STAGED IN YANKEE STADIUM, NEW YORK, JUNE 2 OR 5

WINNER OF THE BOUT IS TO MEET HARRY WILLS IN SEP. TENNER

By HENRY L. FARRELL
(United Press Staff Correspondent)
New York, Feb. 4.—Jack Dempsey, world's heavyweight champion, is expected to make terms for a return bout with Tommy Gibbons for the title here in June.

"How can he turn down a half million?" Rickard, who has reached an agreement with Gibbons, said today. "Dempsey wants 50 per cent of the gate receipts and maybe I'll give it to him. He ought to get a half million out of it anyway."

Rickard insists that Dempsey has been talking for effect when hinting he might retire without another fight. "More than a month ago," he said, "I got a telegram from Jack Kearns, asking me on what dates I could use the champion. I had to tell him then that I didn't know."

Rickard's present plans are to put Dempsey and Gibbons into the Yankee stadium on June 2 or June 5 and match the winner with Harry Wills for a date in early September.

He has Wills under contract now and he also has Gibbons under option so that all he had to do was to find an opponent and agree on a date with him.

While the terms of the agreement were not made known it was reported that Gibbons had been offered \$150,000 for his end.

Rickard feels that the card will draw a million dollars and that he will be able to make a nice piece out of it for himself.

Unless he has seriously made up his mind to get out of the business, Dempsey will accept the offer and unless he has more dough than he knows what to do with he will jump at it.

Dempsey said after the fight in Shelby, when he got all the money in Montana and Gibbons got the thanks of the community, that he would give Gibbons another chance at the title and another opportunity to make some real money.

While there are many critics who believe that Gibbons has an excellent chance to win the championship when they meet again, Dempsey feels certain that it will not be a hard fight for him and that it will serve to get him into real condition for the final fight of his career against Harry Wills.

ST. GODDARD NOW 22 MILES AHEAD

The Pas, Man., Feb. 4.—Emil St. Goddard was 22 miles ahead of his nearest competitor in the Pas dog derby at mile 70 which he passed at 11:10 a. m. today. He was averaging 7 miles an hour and from this it was judged he would reach the finish line at 8 o'clock tonight.

W. A. Mahoney, the runnerup, was last reported past mile 81 with Hi Johnson, Moxley and Dupas trailing in the order named.

STATE BEGGED TO BUILD HATCHERY FOR ANGLEWORMS

\$30,000 FOR CULTIVATION OF FISH BAIT DECLARED CRYING NEED

BAIT TO AID SUMMER TOURISTS AND MINNESOTA FISHERMEN

A bill providing for an anglerworm hatchery for the benefit of Minnesota fishermen and summer tourists is being urged for presentation to the state legislature.

The bill, calling for an appropriation of \$30,000 with which to purchase anglerworm incubators and start the farm is said to be now in the hands of Representative Otto Newman of Wheaton, who has been selected to introduce it into the house. Representative Newman has not acted yet.

Advantages to Minnesota of an anglerwormery are daily being urged upon the legislators by a lobby said to be headed by Bob Forrest, Lake Wisconsin publisher. If there is one thing Minnesota really needs right now more than anything else in the world, the lobbyists declare, it is an anglerworm hatchery.

"For what's the use of having all these fish hatcheries," they demand, "if we let the noble race of anglerworms, so essential to catching fish, die out?"

Prevalence of inside plumbing and lack of precipitation in Minnesota, the lobbyists say, are rapidly bringing about the extermination of anglerworms.

Gone are the days when the wash basin, with a bucket of water and big tin dipper, stood on a bench on the back stoop, the contents of the basin being periodically thrown out upon the ground, providing manna for the anglerworms. Even the dishwasher goes down the sink nowadays. As a result, the rate of infant mortality among Twin City anglerworms is said to have mounted to 89.6 per cent.

And even in the rural districts, where inside plumbing is not quite so prevalent, the abnormal lack of precipitation in the last few years has worked terrible hardship on the anglerworms, according to the lobbyists.

Also anglerworms, it is said, do not thrive so well on the kind of soap that is being used nowadays. It is too mild. What they require is the good old home-made, 100 per cent lye product. Soaps "that float" are said to provide an excellent diet for anglerworms that really ought to reduce, but the race does not thrive on them.

Taxpayers who are about to gasp over the effect of a \$30,000 appropriation for an anglerworm hatchery on Governor Christianson's budget may calm themselves right now, the lobbyists declare. By charging tourists 60 cents a bunch for nice, fat, juicy worms, the wormery could soon be made to pay for itself, they believe.

—Minneapolis Tribune.

NURMI BREAKS 2 1/4 MILE RECORD BY FOURTEEN SECONDS

WILLIE PLANT BEATS FRIGERIO, ITALIAN CHAMPION

New York, Feb. 4.—Paavo Nurmi, middle distance champion, resumed his record breaking at the Western Union A. A. games in Madison Square Garden last night, by traveling 2 1/4 miles in 10 minutes, 19 seconds, 14 2-5 seconds better than the previous mark.

Willie Plant, Morningside A. C., America's champion walker, defeated Ugo Frigerio of Italy, Olympic champion, for the third successive time, but the Italian won immense applause when he outwalked Phil Granville of Canada for second place in the 5,000-meter event.

Plant established a new world record of 21 minutes 50 3-5 seconds, a record for both indoor and outdoor. The previous indoor time was 22:06 3-5, made by Plant himself, and the outdoor was 21:59 8-10, made by Rasmussen, of Denmark.

Joie Ray, of the Illinois A. C., taking the lead at the eighth lap, captured the golden victory mile in 4:34.4, a fifth of a second behind Paavo Nurmi's record.

Willie Ritola, of the Finnish-American A. C., brought the crowd to its feet in the 5,000-meter run for the Schiff trophy, in which he lapped John Bell, of Syracuse university, three times and Gunnar Nilsson, twice, to make a new world record indoor mark of 14 minutes 31 seconds. The old time, which he held himself, was 14:39 2-5.

Vernon Ascher of Georgetown, won the 500-yard invitation, first feature race of the Western Union A. A. games at Madison Square Garden last night. Ascher's time was 60 1-5 seconds.—Duluth News Tribune.

OUCH! BACKACHE! RUB LUMBAGO OR STIFFNESS AWAY

St. Jacobs Oil stops any pain, so when your back is sore and lame, or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest St. Jacobs Oil at any drug store pour a little in your hand and rub it right on your aching back; and by the time you count fifty the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless, and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!

DODGE BROTHERS COACH

Dodge Brothers Coach measures up in every detail to the high standards of its builders.

Low, graceful and sturdy, it looks and performs the part of a true aristocrat.

The interior is roomy, comfortable and inviting.

The lacquer finish is exceedingly attractive in Dodge Brothers blue with body stripe of cartouche yellow.

The chassis is the same on which Dodge Brothers have concentrated all their experiences and resources for a decade. Comfortable riding qualities and dependable performance are therefore obvious attributes.
